SCRATCHED CONSTANTLY

Baby Badly Afflicted with Eczema. Medical Treatment Useless. Cured by Cuticura.

My niece's little baby boy had Eczema all over his face, so that he needed continuous watching, and he scratched the sores constantly. Morning, his face, handsome clothes would be stained with blood. She never could take him out, his face was so full of sores. She had medical treatment, and tried everything she heard of. She commenced using the CUTICURA REMEDIES. The sores left his face and he was entirely cured, and now his face is smooth and rosy.

THE DONS GIVE IN.

Accept Negative View on Cuban Debt Question.

United States Assumes no Part of the Obligations.

Spain Will Abandon Cuba Without Conditions.

All Difference With Respect to Porto Rico and the Island of Guam are Adjusted.

PARIS, Oct. 27.—The Spanish peace commissioners have accepted the negative view of the United States commissioners towards the proposed assumption by the United States of the Cuban debt.

The American commissioners have firmly but courteously declined to assume for the United States, the entire or joint responsibility for the Spanish financial conditions and the Spanish commissioners have finally abandoned the effort made and agreed that the Cuban article of the protocol shall, without conditions, have a place in the ultimate treaty of peace. It was not until Monday that they became absolutely convinced that the Americans had, from the outset of their refusal to accept the Cuban debt, meant exactly what they said.

In short the fact is the Spanish commissioners had, as a background of their efforts, doubts of succeeding, their hope of so doing has been so keen and their contention has been so vigorously prosecuted that the final conviction of their inability to win their point brought to the Spaniards such a shock and depression that, consistently with these dispatches at the time, there were grave doubts as to the continuance of the negotiations. In support of these statements is the fact that Senor Montero Rios, after Monday's session, and on Tuesday last would have resigned the presidency of the Spanish peace commission, had he not believed that his so doing may have greviously shaken, even if it had not unseated Senor Sagasta's government. From this standpoint, if for no other reason, Senor Montero Rios retained his position, and at yesterday's session, acting under the conviction arrived at on Monday, the Spaniards announced that they would forgo further argument on the Cuban debt and agreed that, practically in the terms and absolutely in the spirit of the protocol, the article about Cuba should go forward into the final treaty.

Thus Spain agrees to relinquish sovereignty over and claim to Cuba without either terms or conditions.

All differences, if any existed, regarding Porto Rico and the section of the island of Guam were also arranged by a mutual understanding, and the commissioners found themselves well nigh touching the Philippine question, which will be taken up next week. The session of the joint commissions which began today at 2 p. m. ended at 4 p. m.

SUN BROKE OUT.

Old Sol Smiles on Philadelphia Peace Jubilee.

Immense Parade of Soldiers Reviewed by President McKinley, Who is Loudly Cheered.

PHILADELPHIA, Pa., Oct. 27.—There was compensation today for the disappointment in the enforced postponement of the civic parade, which had been scheduled for yesterday. The rainstorm which started at 4 o'c ock yesterday morning continued until nearly midnight last night, when the wind shifted to the west and quickly blew the clouds out to sea.

Today opened with a clear sky and bright sunshine and with every possible favorable opportunity for the assembled crowds to witness the great military parade, which was the program for the day in the week's peace jubilee. The successful and powerful naval review of Tuesday had whetted the desire to witness and applaud the country's sons who had enlisted to serve with the landsmen in the government service in its demand for humane and just treatment of the Cuban populace.

The program which called for the parade today of the military was permitted to stand as previously arranged, and the civic parade was carried over from Wednesday to Friday.

From 25,000 to 30,000 soldiers had reached the city to participate in the grand pageant, and all were promptly at the assigned points of assemblage to take their place in the great procession. The president and vice president of the United States, with the members of the president's cabinet, distinguished army and navy officers, and hundreds of thousands of residents of this city and other localities honored the occasion with their presence, and with almost the entire populace of the city cheered the soldiers as they moved over the route.

President McKinley prior to the parade ro le in a carriage over the route of the procession to view the decorations and was greeted with a continuous ovation.

With Gen. Nelson A. Miles, the head of the United States army, in the lead, the procession started from Broad street and Snyder avenue at 11 o'clock and proceeded via Broad street over a route of about seven miles. About four hours was occupied in passing a given point.

TOOK THE WHEELS.

William Berry's Wheels Taken From His Wagon for Debt.

A Wagon Contractor Removed Them From the Wagon and Took Them Back to His Shop—Notes.

Justice Bullerman issued replavin papers in a peculiar case today. William Berry, the contractor who hauls the stone for the Walton avenue bridge, had a wagon made by a Fort Wayne wagonmaker some time ago and paid $60 for it. The wagon was guaranteed to haul a certain number of tons for a year. In the course of a few months Mr. Berry noticed that the spokes were loose in the hub and the felloes and he went again to the contractor, who made the claim that he had overloaded. After some parleying an agreement was reached whereby a new set of wheels were to be made for $20. When they were done Mr. Berry paid down $5 and put the wheels on his wagon. The muddy roads yesterday prevented Mr. Berry from hauling stone and he left his wagon standing in the muddy alley near his barn. The contractor, who still had a balance of $15 owing him, saw his opportunity, and with two or three friends paid a visit to Mr. Berry's alley, and took the wheels from the wagon. When Mr. Berry went to the alley again the running gears of the wagon were lying on the ground in the mud without wheels. He suspected what had happened and visited the wagonmakers' shop, where, sure enough, he found the wheels. The wagonmaker would not allow Mr. Berry to take them, and consequently he this morning appeared before Justice Bullerman, and commenced replevin proceedings, and with the constable and papers went out and got the wheels. The case will probably result in more litigation.

MILLER GETS SMALL VERDICT.

The DeKalb circuit court has been occupied for fifteen days or more with the case of Sabastian Miller vs. Wabash Railroad company, on change of venue from Allen county. In the complaint demand for $40,000 was made for injuries received from fire alleged to have been started by negligence of the railroad company, and it is claimed that the value of six acres of muck land was absolutely destroyed, and witnesses testified that this land was worth $15,000 per acre with its products, which were willows, cultivated for basket making. The willows were set in rows and beautiful specimens of the shrubs were on exhibition in the court room. It was claimed also, that it required peculiar soil for the cultivation of this species of willow, and hence the great value, as the muck was entirely burned off. Walpole G. Colerick, Henry Colerick and D. M. Link were attorneys for the plaintiff, and Judge Hammond, W. V. Stuart, J. E. and J. H. Rose for the railroad company. The trial was before a jury with Judge Roby on the bench.

The evidence was all in Monday evening and the arguments were completed at 4 o'clock Tuesday afternoon. Wednesday morning the jury returned a verdict of $1,237.02 for the plaintiff. The Messrs. Colerick returned home yesterday afternoon.

NOTES.

Alonzo Freeman was fined $1 and costs by Justice Bullerman for provoke. An appeal was taken to the circuit court.

A jury in the superior court yesterday rendered judgment for $4.64 for plaintiff in the case of Gottleib Haller vs. Max Gellert.

Judge Dawson and a jury are today hearing the evidence in the case of Fairfield vs. LeMay. C. A. Hays and Henry Colerick appear for plaintiff and E. V. Emrick and P. B. Colerick for defendant.

The case of George DeWald vs. Celesta Buck is being heard by Judge O'Rourke.

Creighton Hamilton Williams has filed his bond as notary public.

Light Seal Catch.

VICTORIA, B. C., Oct. 27.—The official statement of the sealing industry for the season just closed shows a total of but 27,865 skins for the fleet of 350 schooners, by far the lightest catch in years; also fewer schooners have been employed. The catch is divided thus: Asiatic coast, 440; British Columbia coast, 10,055; Bering Sea, 17,370.

OLD TROUBLE IS UP.

The Dreyfus Case Again to the Front in Paris.

Court of Cassation Considers the Revision.

Anti-Revisionist Mob Gathers About the Place.

The Rabble Becomes so Violent and Threatening That the Lawyers Flee From Court.

LONDON, Oct. 27.—According to a special dispatch from Paris, an anti-revisionist mob around the palace of justice, where, in the court of cessation the appeal in the Dreyfus case is being heard, became so dangerous that the lawyers fled.

THE CASE REOPENED.

PARIS, Oct. 27.—The court of cassation, which is to decide upon the question of reopening the case of Alfred Dreyfus, the prisoner of Devil's Island, who is alleged to have been falsely convicted of selling important military plans to agents of a foreign power, opened at noon today. The hall was filled with people, but there was no demonstration around the palace of justice, the gates of which were closed as a matter of precaution, only ticket holders being admitted. The few spectators about the palace were kept moving by the police and inside the building municipal guards were stationed in all the corridors leading to the court room.

Maitre Labori, who was counsel for M. Zola during the latter's famous trial, was among the lawyers occupying the first row. Madame Dreyfus, wife of the prisoner, was provided with a seat in a corner. She was represented by Maitre Mornard.

The Dreyfus appeal case was called immediately after the opening of court. Reporter Bard opened the proceedings by referring to the excitement and scandals caused by the case, even before the appeal for a revision of the trial was lodged. He then reviewed the history of the case from the arrest of Dreyfus, and said his condemnation was for one of the crimes which inspire universal horror, and it struck one of those in whom the country had the most confidence.

Continuing, M. Bard spoke of the efforts made to obtain a revision of the case, referred to denunciation of Major Esterhazy, and reviewed Mme. Dreyfus' appeal for a revision of the case.

WITHOUT WIRES.

Electric Force Transmitted Through the Air.

Nikola Tesla Finds a New Power, an Account of Which Reads Like a Romance.

NEW YORK, Oct. 27.—Nicola Tesla, who has added much to the world's knowledge of electricity and electrical phenomena, announces in the current issue of the Electrical Review his discovery of a new method of transmitting large quantities of electrical energy to any distance without the employment of wires or other metallic conductors, and with a loss in transmission so small as to be practically inappreciable. The only conductor used is the atmosphere at great altitudes, where it is extremely rarefied.

Mr. Tesla's discovery, it is contended, differs from others explained as methods of telegraphing without wires and so forth, in that it transmits any quantity of energy generated up to millions of volts and without loss.

He asserts that by his plan there is true conduction, and not, as in the case of other methods referred to, an induction or electrical radiation. Phenomena accompanying these methods preclude the transmission of any considerable quantity of energy and involve a great loss of power, so that, it is urged, they are of little practical importance.

It has long been known that if air inclosed in a vessel be rarefied it becomes a true conductor of electricity, though of high resistence. Mr. Tesla has discovered, however, that the conductivity of air increases rapidly with the increase of electrical pressure, and its degree of rarefaction, and the purpose of the apparatus which he has devised is to turn this discovery to account.

Stripped of technicalities, this apparatus comprises a line connecting a transformer, which communicates with the source of electrical energy, and a terminal high in the air. This terminal is a metallic globe of large surface. It is suspended by a balloon at such an altitude that the air is extremely rarefied, and performs the function of projecting the electrical energy. If there be high mountains in the neighborhood the terminal must be above their crests to prevent leakage of energy.

At the receiving end is a similar apparatus. Here, however, the terminal performs the function of collecting the energy projecting from the first terminal mentioned, and transmits it to the transformer, from which it can be distributed for use.

The transformer comprises an insulating core or spool, around which are wound many thicknesses of fine wire, forming in the transmitting apparatus the secondary or high tension coil, and around it are wound a few turns of coarse wire, forming the primary or low tension coil. In the receiving apparatus the fine wire constitutes the primary and the coarse wire the secondary coil.

No rule can be laid down as to the degree of elevation required for the terminals, which depends entirely on the condition of the atmosphere and the character of the country. They must, however, be much higher than the highest objects surrounding them.

This method of transmitting energy, Mr. Tesla says, can be used by ships at sea or by vessels floating in the air. It can be used to transmit power over high mountains when the stringing of wires or laying of other conductors would be difficult or impossible, or by projecting energy across rivers or lakes, saving the trouble and expense of submarine cables.

While not designed primarily for telegraphing, but for the transmission of power in large quantities, he says the method can be applied to telegraphic purposes also, as a current of very low power can be transmitted as easily and practically without loss.

TO SAVE THE HOGS.

Government Experiments With a Cholera Cure.

A Specific for the Disease is Found in a Serum Which Shows 80 Per Cent. of Cures.

WASHINGTON, Oct. 27.—During the past two years the department of agriculture has conducted a series of experiments in the use of a serum as a remedy for hogs affected by cholera or swine plagues. The experiments were conducted by Dr. E. Salmon, chief of the bureau of animal industry, and the results were eminently satisfactory, proving that the dreaded disease can be successfully treated easily and inexpensively.

The losses suffered by the farmers of the United States annually from hog cholera aggreate an enormous sum. In Iowa alone, during 1896, it is estimated that the hog raisers lost through the ravages of the disease $15,000,000. Scores of remedies have been tried, but nothing even approximating a specific for the disease has ever been discovered until the department of agriculture began its experiments. Summarizing the results of the experiments, Dr. Salmon said that 80 per cent. of the hogs treated in droves have been saved, while in the droves affected with cholera and not given the serum treatment quite 80 per cent. were lost.

Last year the experiments were conducted in Page county, Iowa, the results showing a loss on only 20 per cent. of the affected droves.

This year the experiments have been extensive and far reaching.

The bureau treated 922 hogs. Of these 150 died, the number saved being eighty-one out of every 100. The loss was only 19 per cent. The animals treated comprised seventeen droves, and of these six droves lost only one hog each. On the other hand, 1,107 hogs in other droves were observed and not subjected to the serum treatment.

Of these 879 died, showing a loss of 79.8 hogs out of every hundred. Speaking of the treatment Dr. Salmon said:

"There is no question of the effectiveness of the serum treatment. Our operations have been viewed with skepticism, but the serum treatment for hog cholera is no longer an experiment. It is a proved success and undoubtedly will save to the farmers of the United States millions of dollars every year."

The cholera serum is procured by keeping apart for treatment an animal—a horse or a cow—and injecting into its blood a small amount of the blood of a cholera-diseased hog. This will sicken the subject, but he will recover, when another dose will be administered, and so on time after time until finally his blood becomes so impregnated as to render him practically cholera proof.

Then his blood is let and the clot drawn off, leaving the thin yellowish portion which is the serum.

This is used to inject into the diseased hogs and operates to render them likewise cholera proof, or even cures them of the disease after it has developed.

NO FIRE BRICK COMBINE.

Paving Brick Concerns Have Organized the Great Trust.

COLUMBUS, Ohio, Oct. 27.—A special to the Dispatch from Massilon, Ohio, says:

William G. Hipp, a prime mover in the organization of the so-called paving brick trust states that the concern is not to be a fire brick trust, but a paving combine. It is not the intention to increase prices but to prevent their being cut. Those particularly interested are the manufacturers of the Hocking Valley, the Canton district, the Ohio Valley and the Galesburg, Illinois, district.

Mr. Hill has just returned from New York where he arranged for the $15,000,000 that will be needed to complete the organization.

LIKE THE NAIL TRUST.

ZANESVILLE, O., Oct. 27.—The three mammoth paving brick plants of this city will, it is understood, be included in the new paving brick combine. It is said here that the combine will also acquire all the factories making modern clay working machinery, thus shutting off outside concerns from equipping themselves with machinery that would make competition possible.

HOAGLAND-HASKIN.

Nuptials of Ralph Hoagland and Miss Helen Haskin.

Groom Formerly Resided in Fort Wayne—Wright-Page Wedding This Evening—Other Weddings.

The marriage of Ralph T. Hoagland to Miss Helen Haskin occurred at Evanston, Ill., yesterday, and as the groom formerly resided in Fort Wayne, the following account, taken from today's Chicago Times-Herald, will be of interest:

Emanuel church, at Evanston, was the scene of a pretty and picturesque wedding, which took place at noon yesterday, when Miss Helen Haskin, daughter of Mr. and Mrs. Charles G. Haskin of Evanston, was wedded to Ralph Townley Hoagland, son of Mr. and Mrs. J. R. Hoagland, of Chicago. The marriage service was read by Rev. Tracy McGee Waters. The bride was attended by her sister, Miss Leslie Haskin, as maid of honor. The bridesmaids were: Misses Charlotte Holmes of Menominee, Mich.; Louise Hoge; Louise Coleman of Brooklyn; Annabel Ward.

John H Brooks, of Scranton, Pa., was best man. The groomsmen were Messrs. John Harding, Robert Thorne, Ed Smith, Gail Dray. John Kedzie, William Evans, Lawrence Degolyer and Joseph Fair. The bride's gown was a charming combination of white satin and tulle and her only ornament was a pearl necklace, the gift of the groom's mother. She wore a veil which was caught with a spray of orange blossoms. Her bouquet was of white chrysanthemums. The maid of honor's costume was of point applique lace over yellow satin and very handsome. She wore an imported hat of black which was very large and covered with black plumes. Her flowers, as well as those of the bridesmaids were yellow chrysanthemums. Yellow taffeta, trimmed with yellow chiffon, was the material of the bridesmaids' gowns. They, too, wore large, black, plume trimmed hats. The floral decorations at the church were white chrysanthemums and palms, but at the house the yellow chrysanthemums, with palms and southern smilax for a background, predominated. Following the ceremony a breakfast to 100 guests was served by Smiley at the family residence, 365 Ridge avenue. Mr. and Mrs. Hoagland have gone east for their honeymoon. They are to reside at 4813 Madison avenue, where they will be at home the second and third Tuesdays in January.

KINNAIRD DAVIS.

This evening at the home of the bride, on Lake avenue, will occur the marriage of Louis Kinnaird to Miss Chrissie Davis. The ceremony will be performed by Rev. L. L. Henson, pastor of the Baptist Tabernacle. The couple will leave on a wedding trip.

MORRIS-WHITE.

Invitations are out for the marriage of Miss Grace M. White, daughter of Mrs. J. B. White, to William Morris, which will occur Wednesday, November 9th, at the residence of the bride's mother. The groom's home is at Richmond, Va.

DIGISON SCHULER.

Yesterday, at St. Mary's Catholic church, occurred the marriage of John Digison, of Lafayette, to Miss Mary Schuler, of this city. Very Rev. Father Oechtering officiated. A reception was tendered last evening at the home of the bride's parents, on East Jefferson street. Mr. and Mrs. Digison will reside at Lafayette.

WRIGHT-PAGE.

This evening at 8 o'clock will be celebrated the nuptials of Miss Josephine Teen Page and Thomas Blackburn Wright. The wedding will take place at the home of the bride's parents, Mr. and Mrs. William D. Page. Miss Edith Yarnelle and Clarence Swann will attend the bridal couple, and the Rev. D. W. Moffat will officiate. Only immediate relatives and friends will be present.

WEHMEYER MOELLERING.

Miss Matilda Moellering, daughter of Mr. and Mrs. William Moellering, sr., will be married at 5 o'clock this evening to Gustave Wehmeyer, of Kendallville. The ceremony will be performed by the Rev. J. P. Miller, pastor of St. Paul's Lutheran church, at the residence of the bride. After a brief wedding trip, Mr. and Mrs. Wehmeyer will be at home at Kendallville.

DIRECTUM SOLD.

W. E. Spires, of Glens Falls, Pays $30,000 for the Great Trotter.

SAN FRANCISCO, Oct. 27.—J. E. Green, of this city, representing the Green estate, has sold Directum to W. E. Spires, of Glen Falls, N. Y., for $30,000 in gold coin.

Directum is now eight year's old, and when a four-year-old, made a glorious campaign throughout the east, proving himself to be the champion trotter. He wound up the season by reducing the world's trotting stallion record to 2:05¼. Directum was bred by the late John Green, of Dublin, Contra Costa county, Cala. He is by Director, dam Stem Winder, by Venture.

TALK OF FASHODA.

Subject Discussed by the British Cabinet.

Meeting Said to Have Been of High Importance.

Sir Herbert Kitchener Deprecates War.

The Sirdar Believes That Diplomacy Can Find a Way to Avoid an Appeal to Arms.

LONDON, Oct. 27.—A cabinet council was held at the foreign office today. All the members of the cabinet were present and the meeting lasted two hours. When the ministers left the foreign office they were smiling and did not give any indication of serious apprehensions as to the future.

The French ambassador, Baron De Courcel, saw the Marquis of Salisbury immediately after the conclusion of the cabinet meeting.

GENERAL KITCHENER'S VIEWS.

PARIS, Oct. 27.—General Kitchener left Paris this morning and will reach London this afternoon.

The Evenment publishes a report of an interview with General Kitchener, in which he is quoted as saying:

"I am only a soldier and am ignorant of diplomacy, which is not my business, but I hope the diplomatists will succeed in settling the difficulty amicably.

"I can only praise the French, particularly Major Marchand, who received me at Fashoda with charming cordiality; and I shall always retain a souvenir of the reception.

"The situation is rightly regarded as most critical, but I cannot approve of those who say that war is the only solution. Calm, courteous discussion will give a solution acceptable to both nations. I have entire confidence in diplomacy.

"Perhaps my opinion of Major Marchand's exploit may contribute to the result which all desire."

FRENCH CABINET GOSSIP.

PARIS, Oct. 27.—Nothing definite has yet been settled in connection with the formation of a new French cabinet. The air, however, is full of ministerial lists, in which the name of M. Ribot figures prominently. He is said to be the favorite candidate of the Elysee palace and it is generally believed President Faure will appeal to him to form a cabinet of republican concentration with M. Delcasse remaining in the foreign office.

Such a cabinet would not oppose a revision of the trial of Dreyfus.

M. Ribot has always been regarded as being favorable to a re-opening of the case.

President Faure received M. Delcasse today and had a long conference with the minister on foreign affairs.

M. Delcasse had a long talk this afternoon with Captain Barartier, the French officer sent to Paris by Major Marchand with the latter's report of his explorations and arrival at Fashoda.

HON. S. E. MORSS.

The Talented Editor Will Be Here November 5th.

Will Address Fort Wayne Citizens on the Political Issues of the Day.

Chairman Kaough, of the democratic county committee, this morning received a letter from Hon. Samuel E. Morss, editor of the Indianapolis Sentinel, in which he stated that he would be in Fort Wayne to make a democratic speech on the evening of November 5. This means that he will deliver the last speech of the campaign in Fort Wayne.

Mr. Morss is not only a talented editor, but as a speaker has few equals in the state. He has thousands of friends in Allen county and he deserves, and will undoubtedly receive a rousing welcome. The speech will probably be delivered in the Princess rink.

DEVOURED BY POLAR BEARS.

Fate That Overtook James Spiers, a Prospector.

VANCOUVER, B. C., Oct. 27.—News has been brought here by a party of Los Angeles men who went in over the Edmonton trail in an unsuccessful attempt to reach the Klondike of the death of James Spiers, of South Carolina, who was killed and eaten by polar bears in the Peace river district.

Spiers left camp alone to look for horses that had strayed away. Ten days later human bones were found near a mountain cave. A party camped there during the night and the next morning shot two large bears that were going into the cave. It is practicrlly certain that the bones were those of Spiers. He had no weapons with which to defend himself.

BRIDE OF A WEEK DESERTED

Harry Moore, Agent of a Machine Company in Indiana, Is Missing.

MUNCIE, Ind., Oct. 27.—Harry Moore, employed by the Singer Machine company, in this city, was married to Miss Cora Hunt at the bride's home in Winchester a week ago. The bride, who is seventeen years old, is a niece of Union B. Hunt, the republican candidate for secretary of state. Last Saturday Moore informed his bride, who was staying at the home of her parents, that he was going to Muncie on a business trip, but disappeared, leaving many creditors in Winchester. The company is said to have found a shortage in his accounts.

DIED IN OLD AGE.

Gottfried Schroeder and August Garnkaufer Pass Away.

Mr. Schroeder Came to Fort Wayne in 1852—Organ Factory Employes Will Attend Obsequies of Mr. Miller.

Last evening occurred the death of Gottfried Schroeder, an old and respected citizen who came to Fort Wayne in 1852. His death was due to the infirmities of age. Mr. Schroeder was born in Prussia eighty years ago and he came to this city with his wife at the time stated, and resided here ever since. He lived the greater part of the time since coming here at 170 East Jefferson street. His wife died about two years ago. Surviving him are four sons: John, the chief electrician; Rev. Henry Schroeder, pastor of a Lutheran church at Washington, D. C.; Prof. Frederick Schroeder, of the Lutheran schools, and Ferdinand, of the city fire department. The deceased was a member of St. Paul's Lutheran church.

GARNKAUFER.

At 3:15 o'clock this morning August Garnkaufer died at the residence of his son-in-law, A. Shulte, 139 East DeWald street, of kidney trouble. Deceased was born in Prussia and his age was seventy years, five months and twenty-four days. He formerly lived at Racine, Wis., but has lately made his home with Mr. Shulte. The children are as follows: Mrs. A. Shulte, this city; Mrs. J. McCauley, Chicago; Mrs. John Aberly, Chicago; Bertha, Louise and Theodore, of San Francisco. The funeral will be held Saturday morning at 8:30 from the house and at 9 o'clock from St. Peter's Catholic church.

MILLER.

The time of the funeral of Henry Miller has been changed to Sunday afternoon so that the employes of the organ factory can attend in a body. The services will be held at the Emanuel's Lutheran church Sunday afternoon at 2 o'clock, Rev. Gross officiating.

MARSHALL.

C. P. Marshall, for several years a freight conductor of the Wabash, died at Longcliffe asylum, Logansport, yesterday. He was reared in Fort Wayne, but moved to Andrews with his wife several years ago. It is not known whether the funeral will be held here or at Andrews.

SOURS.

Andrew Sours, of Markle, one of the oldest residents of Wells county, was claimed by death yesterday, aged sixty-four years. The deceased is survived by six children—Lorenzo, Ernest, Eugene and Miss Mildred Sours, of this city; Mrs. James Barton, of Van Buren, and Mrs. Alvin Houser, of Markle.

SCHWIETERS.

The funeral services of the late Herman Schwieters will be held at 8:30 o'clock tomorrow morning from the family residence, 151 Ewing street, and from St. Paul's Catholic church at 9 o'clock, the Rev. Father Kroll officiating. Interment in the Catholic cemetery.

HECKMANN.

At 7 o'clock this morning Carl Heckmann, aged seventy-six years, five months and sixteen days, died at the residence of his son-in-law, Ernst F. Reinking, 59 Brackenridge street. The deceased was born in Prussia, came to America and located at Fort Wayne when he was eighteen years old. After remaining here five years he went to Adams county, where he lived until recently, when he came to make his home with his son-in-law, in this city. Besides his wife he leaves children as follows: William, Mrs. Sophia Reinking, Mrs. Mary Reinking, Fred, Carl, Eliza and Ann Heckman. There are also twenty-five grandchildren. The funeral will be held at the Lutheran church, Freidham, Adams county, Sunday at 1 p. m., but previous to the removal of the body services will be held at the residence of Mr. Reinking, 59 Brackenridge street, tomorrow at 2 p. m., Rev. Gross officiating.

SCHWIND.

Mr. and Mrs. James Southern, of 278 South Webster street, have received the sad news of the death of their grandson, James Schwind, which occurred at Stony Island, Ill., last night, from malarial fever. The remains will be brought here for interment, arriving on Nickel Plate train No. 6 at 8 o'clock tonight, and will be taken to the Southern home. The funeral services will be held tomorrow afternoon, at 2:30 o'clock, at Simpson M. E church. The dead boy was the son of Engineer and Mrs. Schwind, formerly of this city. The bereaved father is engaged on the Nickel Plate and has the short passenger run between Chicago and Stony Island.

SPAIN'S TRIAL HARD.

Peace Conditions Becoming Too Heavy to Bear.

Each New Move for the Better Has Been Rudely Blasted.

Peace Negotiations Near the Breaking Point.

Relations of the Two Commissions are Severely Strained—The War May be Resumed.

PARIS, Oct. 27.—After noting that yesterday's session of the peace commissions did not arrive at any solution regarding the Cuban debt, the Gaulois says today:

"The situation is extremely strained, owing to the increasingly aggressive attitude of the Americans and it is even feared that if the Spaniards should not decide to give way on all points the negotiations will be broken off in the course of the next meeting. It seems unquestionable that the near approach of the American election plays a considerable role in the attitude of the Spanish delegates who have supposed that gaining time would obtain better terms from their conquerors, while just the opposite is happening."

Continuing the Gaulois intimates that if the Americans continue to show themselves intractable towards the Spaniards, a renewal of hostilities may result, especially if the Spaniards declare that they have arrived at the extreme limits of honorable concessions. The Gaulois then adds:

"We hope, however, that matters will arrange themselves, as we know sufficiently well the sentiments of the American nation to be able to affirm that a new war would be received with disfavor by all men of common sense and the peace commission would, in bringing it about, assume heavy responsibilities for the future."

HERNLEY IS HERE.

Republican State Chairman Arrives in the City.

Come Here to Discuss Financial Matters With Twelfth District Republicans—A Conference.

Charles S. Hernley, of New Castle, chairman of the republican state committee; George F. McCulloch, ex-chairman of the committee, and Judge E. H. Bundy, a member of the republican state executive committee, arrived in the city at noon on a political mission.

The gentlemen registered at the Randall, and immediately after dinner were taken in tow by Editor C. S. Lane, of the Gazette, who steered them to the Tippecanoe club rooms. Here the visiting politicians met a number of local republicans who tried to impress upon them the belief that the republicans had a chance to elect some of the county ticket and defeat Congressman Robinson for re-election. Mr. Hernley is a pretty smooth man himself and wasn't inclined to be yielding.

For several weeks managers of republican politics in Allen county have been vainly appealing to the republican congressional committee and the state committee for funds, but have in every instance been gracefully turned down with the statement that the committee did not intend to waste money on a forlorn hope. So earnest were the appeals to Mr. Hernley that he finally agreed to come to Fort Wayne today and investigate for himself and that is why he is in the city. Several prominent republicans have intimated to Mr. Hernley that the g. o. p. has no chance in the Twelth district, and while he may give up a small "bunch" to appease the importunate managers, the big sum will not be forthcoming.

Mr. Hernley knows that Congressman Robinson's majority will be larger than two years ago by many hundred votes.

TO BE SHOT DOWN.

So Threatens Tanner in Case Labor Is Again Imported.

MADISON, Ill., Oct. 27.—"I reiterate that I will not tolerate this wholesale importation of foreigners into Illinois. And if I hear that a mob is to be brought into this state, such as was taken into Virden, I care not on what railroad it comes or for whom, I will meet it at the state line and shoot it to pieces with Gatling guns."

So declared Governor Tanner in a speech delivered before 1,200 auditors gathered at the Knights of Pythias hall in this city last evening. It was the concluding statement in an address largely devoted to defense of his course in the recent mine riots at Virden. The governor blamed the mine operators for the loss of life there, and then delivered the above assertion as to his course in a similar case in the future should one arise.

Thirteen soldier boys came in from Indianapolis last night to visit home for a couple of days and get a few square meals. They will return to camp in time to report for roll call next Saturday.

WHAT a hot old town for foot ball Paris would make.

THE Spanish peace agents have dallied along to the point where they must either fish or cut bait.

IT is all right for Secretary Long to talk of the efficiency of the navy if he wants to spend his time that way, but it is pretty well understood that the navy speaks for itself.

THE belief of General Kitchener that the Fashoda question may be settled without war is entitled to attention by both England and France. He knows more of the matter than the diplomats are ever likely to find out.

NO SORT of attack on the character of Hon. C. M. Dawson as a man and a citizen or upon his integrity as a judge will do anybody else any good nor him any harm. It will be well to abandon that kind of fighting.

THERE is an element decidedly Spanish in the management of the United States weather shop. The two great jubilees, one held last week in Chicago and the other this week in Philadelphia, have been rained on in a fashion and with a persistence that points to untoward and malignant influence somewhere.

NIKOLA TESLA has uncovered another electrical marvel by which electricity may be transmitted anywhere in any quantity with no other medium than the air. Mr. Tesla is getting close to the borderland of that scientific realm wherein humanity is to get along without working more than an eight-hour day and that without over-sweating.

THERE are scholars more distinguished in their scholarship holding more college degrees than President McKinley, but probably none of them, nor any other person, has received the same degree so often. At least five times has he been made doctor of laws. Three of these came to him from the Wesleyan colleges. The president, being a Methodist, this was fitting and proper. Yale conferred the fourth, and the University of Chicago the fifth. The Ohio Wesleyan university gave him the degree because he was the most eminent Methodist in the state; Allegheny college gave it because he had been a pupil there, and McKendall college because he was a candidate for the presidency, the institution giving the same degree at the same time and for the same reasons to Colonel Bryan, U. S. V.

PRIVATE advices from Indianapolis concerning the prospect of democratic success in the coming state election are of the most encouraging sort. Throughout the state the party is united, harmonious, diligent and hopeful. It is expected that there will be a gain of two congressman and of the election of the entire state ticket there is expressed no doubt at state democratic headquarters. It is conceded that Hon. Hugh Dougherty, of Bluffton, candidate for state treasurer, will lead the ticket by a broad margin.

THE supreme court decision on the quo warranto proceedings instituted several years ago by the attorney general of Illinois against the Pullman Palace Car company, on the ground that in owning and running the municipal affairs of the town of Pullman, the rights of charter were transcended, makes it necessary that the "model town" be sold. This will doubtless soon be done. The co-operative system by which the workmen in the Pullman car works relied on the corporation that employed them to furnish gas, fuel, provisions and supplies of all kinds will shortly pass away. To avoid confiscation the lands and buildings not necessary to the conduct of the car building business must be sold, though such sale may be only nominal. While the "model town" was in some respects model, it lost its good repute during the great strike four years ago, when the unhappy condition of hundreds of its inhabitants was disclosed.

"THE NEW BIRTH."

Powerful Sermon Preached by Miss Downey.

The Self Knowledge of Redemption--Nine Persons Make Acknowledgement Jesus Christ.

The Berry Street M. E. church was well filled last night, and after the storm that has been sweeping over the country, the weather was fine, and it brought out a fine congregation. The effect of the sermon upon the congregation would be difficult to describe. They seemed to hang upon each word of the speaker. The theme was the "New Birth." The text was found in John iii,3: "Verily, verily, I say unto thee, except a man be born again, he can not see the kingdom of God." She spoke of the apparent difficulties of the new birth, how it seemed to stagger even Nicodemus, the ruler. "And it is impossible for the mere intellectual animal, to understand the birth. One must be born from above. You cannotgrow into this experience, it can only be made possible by a new creation. The kingdom of God is one place defined as 'Righteousness, peace and joy in the Holy Ghost.' Now you can see how utterly absurd it would be to attain to all these things, without having it from above.

"We understand that the natural world is divided into three divisions, viz: mineral, vegetable and animal. So the kingdom of God is divided into three parts, into righteousness, peace and joy in the Holy Ghost. And one that is born again, will have more than an intellectual belief. He will come into an experience that is comforting and satisfying. So many persons are asking me, 'Can I know that I am saved?' I always tell them, 'Yes you may know.' A very dear friend of mine living in the east said to me once: 'Some years ago I united with the church, and began as best I knew how to serve the Master, but some how it has been so unsatisfactory, and I have spoken to my friends about the matter, and they tell me we are not having a religion of feeling now, it is simply walking by faith. But I get so hungry to know, and may I not have that consciousness that my sins are forgiven?' I said to her 'Just go, tell Jesus about it as you have told me, and I feel sure he will give you the satisfacton that you so earnestly desire.'

"And she went and told the Master of the burden that was so difficult for her to bear, and asked Him to give her the knowledge of her acceptance, and in a little while she came with her face shining, and she said, 'He saves me, He saves me!' So it is, my dear ones, with Christ. He wants to save you all. Won't you let him?"

The sermon closed with a fervent appeal that brought many to the altar of prayer. Ten precious souls were there seeking for pardon of sin, and nine of them, when they arose from their knees, knew by personal contact with Christ what it was to be "born again." The meeting on Friday afternoon will be one especially for those having unsaved loved ones out of Christ. The wives, husbands and all who have unsaved friends are requested to be present or send their requests for prayers. Meeting tonight at 7:30.

AMONG THE LODGES.

Big Meeting of the Order of Eastern Star for This City.

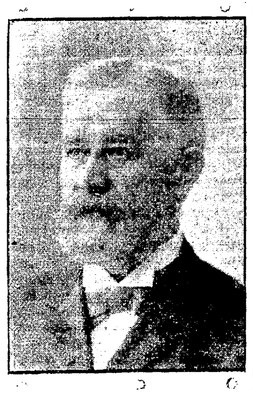
The G. A. R. Will Purchase a Plat of Ground at Lindenwood--Spicy News from Fraternal Circles.

A fraternal event that will attract to the city no less than 600 delegates has been set for April of next year, when will be celebrated the silver anniversary of the Grand Chapter of the Order of the Eastern Star. The annual state meetings are always largely attended, but greater importance attaches to the forthcoming gathering than any heretofore held by the order, as it is an anniversary celebration. The order is made up largely of women, who are the wives of Masons, and the delegates will be mostly made up of them, although fifty or sixty male members are expected to lend decorum to the meeting by their presence. It is contrary to precedent that the convention is held outside of Indianapolis, and on this account the members of Shiloh chapter are going to exert themselves to make it a great success, beyond anything of the kind that has taken place.

Shiloh Chapter, No. 141, will give a hallow e'en party on October 31 at Sons of Columbus hall. The program will consist of fortune telling by Mme. de Vernois, apple bobbing by young people, light refreshments and dancing. The committee on entertainment consists of Messrs. and Mesdames J. M. Henry, W. J. Probasco, R. B. Rossington, J. W. Clark and A. S. Coverdale and Mrs. S. I. Ziegler and Mrs. J. C. Eckert.

ORDER OF CHOSEN FRIENDS.

Starlight Council No. 3, Order of the Chosen Friends, one of the old and substantial lodges of the city, is getting in line for active work this winter, a decided step in this direction being the organization of a degree team to do initiation work



HON. J. H. BASS,
Oldest Past Councillor of the Order of Chosen Friends.

Recently instructions for a new floor movement in the initiation ceremonies have been received, so that something new and original can be expected when the work is exemplified the coming lodge season. Some of the best citizens of Fort Wayne can be counted among the members of the Chosen Friends, and the oldest past councillor is Hon. J. H. Bass. The present councillor is Charles E. Stapleford and the secretary is Fred C. Wehnert. The lodge holds its meetings on Tuesday evening of each week, at Odd Fellows' hall, 20 West Berry street, and a cordial invitation is extended to all visiting Friends to attend.

The members have arranged for a grand entertainment and oyster supper to be given on the evening of November 15th, at the lodge hall.

G. A. R.

A joint committee consisting of members of Sion S. Bass and Anthony Wayne posts has been conferring with the Lindenwood Cemetery association the past few days with the object in view of purchasing a plat of ground in the cemetery for the interment of departed comrades whose families do not own lots. The committee from Sion S. Bass post will report tomorrow evening at the regular meeting. It is the purpose of the soldiers interested to have the two G. A. R. posts and the Union Veteran legion unite in buying the plat and give any of the members of these organizations the benefit of space as fast as they may pass away without having provided lots of their own. The G. A. R. had a lot given them by the association some years ago, and another lot was presented to them by a worthy individual who found no further use for it when he left Fort Wayne to reside elsewhere, but both of these lots have been filled up and the necessity of more space is becoming apparent.

ORDER OF FORESTERS.

The next meeting, on Friday evening of this week, will be in the nature of a symposium, this being suggested by Brother Harry Templar as the thing to have to awaken interest and enthusiasm. The committee having the affair in charge says that it is not used to getting up symposiums but it makes a promise that this special feature will be given with all the trimmings and that every member will leave for home that night rejoiced at having been present. There will also be read at the meeting a report from the supreme high court, which communication contains something of interest to every Forester.

MODERN WOODMEN.

Edwards camp No. 3,127 had a very interesting meeting last Tuesday evening and had several candidates for adoption.

There were quite a number of Woodmen up from New Haven at the last meeting, and they are making great strides to success in their town, and have arranged to have a class of twenty for adoption on November 11th, when Edwards camp is invited to go and exemplify the work. The invitation was promptly accepted.

Edwards Camp will have a "smoker" on next Tuesday evening, and a full attendance is desired, as final arragements will be made to go to New Haven.

The joint committee of Fort Wayne camp and Edwards camp will meet this evening at Dr. Leedy's office, to talk over arrangements for the state log rolling association, which will meet in our city next Labor day, and at which time a grand time is looked for.

K. O. T. M.

Wayne Tent, No. 54, will give a smoker and pedro party to members and male friends this evening. Preceding the social session there will be a short review. A large attendance is expected.

DEGREE OF POCAHONTAS.

At the regular meeting, last Saturday, the representative to the great council of the state, which met last Thursday at Indianapolis, made a good and encouraging report of the councils in Indiana. The report showed a net gain of 700 members, of which this council had a good percentage.

ROYAL ARCANUM.

An inspirational movement springing from an important event of the late war with Spain has come up in the ranks of the Royal Arcanum, the nature of which will be fully explained at the next meeting of Howard council, on Friday evening, November 4. It has been discovered that Admiral Schley, the great hero to whom credit is given for the destruction of Cervera's fleet in Santiago harbor, is a member of this order, and as a mark of fraternal love and esteem it is proposed to present the admiral with a beautiful jeweled sword, the same to be purchased by contributions from all of the lodges in the Royal Arcanum of America.

I. O. O. F.

It will be a proud occasion for the members of Harmony lodge No. 19, when the lodge rooms are reopened next Tuesday evening, after having been treated to a complete transformation at the hands of carpet layers, decorators and painters. A large sum of money has been expended in making the improvements and now, all being finished and perfectly dazzling in effect, the members will hold a formal reception next Tuesday evening to meet their friends and "show off" their hall in all its splendor. The committee having the arrangements for the formal opening are F. W. King, George H. Fisher and D. H. Wolf.

TRIBE OF BEN HUR.

Court No. 15 is expecting an opportunity to use its paraphernalia next Monday evening. The lodge very recently purchased new robes for the members of the working team, and the brilliancy and impressiveness of the ceremonies are enhanced thereby. The court is the oldest in the city, and in fact is one of the earliest organizations in the history of the order.

Fort Wayne Court No. 96, T. of B H., will give an entertainment Thursday, November 10th, at their hall above the old SENTINEL office, to which the many friends of the order are cordially invited.

ORDER OF RED MEN.

At a postponed meeting of Mechecannochqua Tribe, I. O. R. M., next Saturday evening, the representatives who attended the great council at Indianapolis on Tuesday, October 18, will be present to report matters of interest concerning the meeting. The regular meetings of this lodge are on Wednesday evening of each week.

The Trading Post, the new auxiliary to the order, will hold an important meeting next Sunday afternoon at 3 o'clock, which all Red Men, their wives and daughters, are earnestly requested to attend. The meeting will be held in the lodge hall.

L. A. S.

Branch No. 19, of this city, will soon inaugurate a series of entertainments to last throughout the winter season. One week from tonight, at Sons of Columbus hall, the members will present a game of living checkers, twenty-four young ladies participating. The affair will conclude with a dance program and the raffling of a beautiful comforter which was donated to the society by Mrs. Slater, of West Wayne street The public is cordially invited to be present. The society has, in the past year, done a great deal in charitable undertakings, its object of organization being to aid the needy.

A. O. U. W.

The visit of T. D. Neal, of Indianapolis, grand master workman, last Thursday evening, awakened an interest in the fraternity that will result in an increased attendance and a deeper interest in lodge affairs during the coming winter. The meeting was held at the hall of Summit City lodge, but members from all of the lodges were present. Mr. Neal gave a very good talk on the present condition of the order and the encouraging prospects. He has promised to come again at some future time, when the members ought to turn out en masse to greet him.

Fort Wayne Lodge, No. 19, A. O. U. W., will initiate a large class of candidates tomorrow evening, and afterward the members and their guests will indulge in one of their pleasant social sessions. There will be a number of visitors from other A. O. U. W. lodges of this city and neighboring towns, and a grand time is anticipated. The officers hope to see the full membership in attendance.

PROTECTIVE BROTHERHOOD.

A local chapter of this order was organized in this city last night and next week a meeting will be held to elect officers and transact regular business. The Protective Brotherhood is a fraternal insurance order, admitting both men and women. The supreme chapter of the order was recently organized in this city with the following corps of supreme officers:

Supreme Councillor—Chas. H. Cadwallader, Fort Wayne.
Supreme Secretary—Cecilius R. Higgins, Fort Wayne.
Supreme Treasurer—Harry A. Keplinger, Fort Wayne.
Supreme Medical Director—Dr. John W. McCausland, Fort Wayne.
Supreme Vice Councilor—Thomas L. Hale, Columbus, Ohio.
Supreme Chaplain—Rev. Amos W. Ballinger, Fort Wayne.
Supreme Guide—Dr. Oscar L. Dales, Grand Rapids, Mich.
Supreme Warden—James H. Frost, Kansas City, Mo.
Supreme Tyler—Frank W. Wilson, Decatur, Ill.
Supreme Organizer—Willard C. McNutt, Fort Wayne.
Supreme Board of Directors—Alexander B. White, O. L. Perry, W. W. Rockhill, all of Fort Wayne.
Supreme Attorney—R. B. Hanna, Fort Wayne.

LADIES OF THE G. A. R.

This organization will give a supper at the hall next Monday evening. The ladies are a patriotic band and assist the comrades of the G. A. R. in various ways.

TWINS UNITED AFTER YEARS

Young Woman Recognizes From Stage Her Missing Brother.

KENDALLVILLE, Ind., Oct. 27.—Miss Mattie Thomas, giving her residence as Chicago, was reunited with her twin brother, James Fowler, at Van Buren, a village east of this place.

The story of the two lives would make an interesting novel, how the parents spent a fortune in seeking the girl, who was kidnapped one dark and stormy night.

Miss Thomas was playing with a theatrical company at Van Buren and the opera house was crowded. As the second act opened a young man entered the theater. Miss Thomas was rendering a solo, but as she looked at the young man and saw in his face an exact image of herself, she uttered a shriek and fell fainting to the stage.

The brother rushed to the stage, the curtain was lowered and after the young lady was restored to consciousness the happy reunion took place and the story was told.

Miss Maud Fowler, her true name, was abducted from the Fowler homestead twenty-five years ago.

The father spent his fortune in the search for the girl and finally the old couple died of broken hearts. The twin brother was taught never to give up the search and he has never done so. The young lady was told the story by an old nurse, who said her brother was the exact image of herself.

She was taken to the home of a wealthy family who cared for her, but being a good singer and knowing her story she left. The young lady has retired from the stage. She refuses to make known the name of the family.

"BILL" ANTHONY MARRIED.

Famed Survivor of the Maine Disaster Happy in Marital Life.

NEW YORK, Oct. 27.—"Bill" Anthony, the sailor who did not forget discipline when the Maine was blown up and reported to Captain Sigsbee, "I have the honor to report, sir, that the ship's blown up and is now sinking," has made a second report of himself to the public. He took the occasion of his departure for the peace jubilee at Philadelphia as a fit time for issuing the announcement of his marriage.

According to the sergeant's announcement, the bride was formerly Addela Maude Bancet, of this city. The wedding day was Saturday, Oct. 15th, just eight months after the Maine disaster. The place was the Seventh street M. E. church parsonage, Rev. F. H. Smith being the officiating clergyman.

Officers Honorably Discharged.

WASHINGTON, Oct. 27.—The following officers have been honorably discharged, their services being no longer required: Lieut.-Col. John Jacob Astor, inspector general, appointed from New York; Capt. Frederick M. Alger, assistant adjutant general, appointed from Michigan; Capt. James H. McMillan, assistant quartermaster, appointed from Michigan. Captain Alger is a son of Secretary Alger, and Captain McMillan is a son of Senator McMillan, of Michigan.

Boy Incendiary is Sentenced.

PRINCETON, Ind., Oct. 27.—The origin of the recent fires in Patoka has been discovered in the person of Walter Bruner, aged sixteen, who rang the fire bell after starting a fire in a large barn. He was watched and seen to enter the Methodist church. When arrested the lad was in the belfry. He confessed to the pastor and was brought here for trial. He pleaded guilty and said he set fire to all the buildings recently burned, for fun. He was sent to the reform school until he reaches his majority.

MRS. PINKHAM CONQUERS BACKACHE.

Four Women Who Owe Their Present Happiness to Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—When I wrote to you last June, I was not able to do anything. I suffered with backache, headache, bearing-down pains, pains in my lower limbs, and ached all through my body. Menstruations were very painful. I was almost a skeleton. I followed your advice and now am well and fleshy, and able to do all my own housework. I took medicine from a physician for over a year, and it did not do me a particle of good. I would advise all suffering women to write to Mrs. Pinkham. She will answer all letters promptly, and tell them how to cure those aches and pains so common to women.—Mrs. C. L. WINN, Marquez, Texas.

I think it is my duty to write and let you know what your medicine has done for me. For two years I suffered with female weakness, bearing-down pains, headache, backache, and too frequent occurrence of the menses. I was always complaining. My husband urged me to try your Vegetable Compound, and I finally did. I have taken three bottles and it has made me feel like a different woman. I advise every woman that suffers to take your medicine and be cured.—Mrs. GARRETT LICHTY, 612 S. Prince St., Lancaster, Pa.

I had suffered for over two years with backache, headache, dizziness, nervousness, falling and ulceration of the womb, leucorrhœa, and about every ill a woman could have. I had tried doctors, but with no success, and it seemed as though death was the only relief for me. After using five bottles of Lydia E. Pinkham's Vegetable Compound, and four packages of Sanative Wash, I am well. Have had no more pain, womb trouble, backache or headache.—Mrs. CLAUDIA HALPIN, Cream Ridge, N. J.

Before taking Lydia E. Pinkham's Vegetable Compound I was afflicted with female complaints so that I could hardly walk. My back ached terribly, in fact, I ached all over. Was not able to raise myself up some of the time. I had no appetite and was so nervous that I could hardly sleep. I have taken but two bottles of your Compound and feel like another person, can now eat and sleep to perfection, in fact, am perfectly well.—Mrs. SUE MCCULLOUGH, Adlai, W. Va.

TRAINS LATE.

Several Misfortunes Happen on Railroads.

The Pennsylvania Has Cars off the Track at Ada and Columbia City--Affairs of Shop and Rail.

The Pennsylvania and the Wabash trains were more or less delayed last night and this morning by the tracks being blocked by freight wrecks. No. 79 on the Pittsburg, a double header with forty-five loaded and twenty-one empty cars, had a car to jump the tracks at the end of the Ada switch. The freight train was going on the switch at the time to give No. 5, the west bound limited, which was nearly due, the track and one of the trucks climbed the frog and got the car crosswise of the tracks. No. 5 was compelled to detour from Forest to Lima, via the Big Four, the Chicago and Erie and the Cincinnati, Hamilton and Dayton and was delayed over three hours. The train had nine cars and in order that it might make up some of the lost time in making the run to Chicago, it was divided here and run in two sections.

The first section of freight train No. 70 had a similar experience at Columbia City at 8:45 o'clock. A car left the tracks and caused a blockade of a few minutes. The damage there was not so great as at Ada.

Wabash passenger train No. 2, from the west, was two hours and twenty minutes late in reaching this city this morning. This delay was also due to an accident to a freight train. A truck under one of the cars broke, derailing three or four cars and blocking the track completely. This wreck was not a costly one, none of the cars being badly crippled.

While en route to Ada to clear the tracks, engine No. 128, which was hauling the wreck train, ran upon some obstruction and broke her pilot and a draw-bar, causing delay until another engine could be forwarded.

MAIR COMING HERE.

At its meeting next Monday night A. G. Porter lodge No. 141, Brotherhood of Locomotive Firemen, will make arrangements for a reception to be given Vice President Mair some time in the early part of November. The lodge will also initiate several candidates Monday night and transact other business of importance. A full attendance is desired.

ORDER FOR DRIVER AXLES.

This morning's mail brought to the Bass works from the Illinois Central company an order for fifty engine driver axles. This is only one of the many orders of a similar character that have been received at the Bass works during the past two or three weeks and it indicates increased activity in engine and car building in this country. This order from the Illinois Central will furnish employment to a steam hammer crew of five or six men for thirty days.

THE UNEMPLOYED LIST INCREASES.

"No Men Wanted" is a sign which appeared at the Pittsburg shop entrances this morning. Its presence there is not due to lack of work within, but rather to a surplus of laborers recently thrown upon the market by the suspension of farm work, street improvements and the like, which had engaged them during the summer months. The railway shops of Fort Wayne are today giving employment to as large a body of men as they ever employed. Notwithstanding this fact, there are many honest men out of work.

NICKEL PLATE MAN HURT.

H. C. Niedhammer is lying upon a coach at St. Joseph hospital, suffering from injuries received at midnight while at work in the Nickel Plate yards. He is a brakeman and was about to leave with his train, when he fell from a car and broke his right arm in several places. He also sustained a bad wound on the head and possibly some serious internal injuries. Niedhammer was rendered unconscious by the fall and had he not been found by his fellow trainmen he might have been ground to death by car wheels. Dr. J. M. Dinnen is attending the unfortunate fellow.

A BOILER DEAL.

Yesterday the Fred Eckart Packing company placed an order with the Bass Foundry and Machine company for an 150 horse power boiler, to be placed in the new $20,000 artificial ice plant, which the Eckarts are about to establish near their packing house, on West Main street. The order also includes boiler front, smoke stack and all the trimmings necessary to a complete boiler plant.

General and Local Gossip.

Nickel Plate Engineer Ed Wolf is on the sick list.

W. Hayes has taken a position in the Bass boiler shop.

J. Koehl, a Pittsburg car repairer, is sick and off duty.

Roy Seymour, Nickel Plate engineer, is sick and off duty,

Brakeman Thomas Sarber, of the Pittsburg, has moved to 114 Force street.

The Social club of the Machinists' union will give a dance and pedro party tonight.

Casper Krantz, boilerwasher at the Pittsburg round house, is the father of a bounding baby boy. The little chap weighed seventeen pounds when only an hour old.

Pittsburg Conductor A. P. Shaw is kept from his train duties by the illness of his wife.

C. W. Smith, the Grand Rapids dispatcher, is in Portland, attending the funeral of his brother's wife.

Nickel Plate Engineer Tim Short has gone to Knox after ducks, intending to remain there three or four days,

Casper Lehmkuler, who had been sick a week, took his place in the Pittsburg blacksmith shop this morning.

Messrs. Smith & Randall are equipping a saw mill at Sheldon, where they have accumulated a big lot of logs.

The Electric corporation will in a few days install a lighting plant at Manistee, Mich. The machinery was shipped to that place today.

Brakeman C. S. Downey, of the Nickel Plate, who has been detained at home by sickness in his family, took his run out yesterday.

It is stated that the passenger earnings of the Chicago, Burlington and Quincy for October will be the largest of any month in the road's history.

Among the passengers on Pennsylvania train No. 8 last night was the Chicago University foot ball team, which was en route to Philadelphia.

F. J. Ryder, a Pittsburg yard conductor, has returned to his work after a three weeks' vacation on account of the carnival and private business.

Engineer Peter Carter, of the Pittsburg, and his wife, have returned home after a visit of several days with friends in Chicago and Valparaiso.

D Wahrenberg, a passenger car builder at the east shops, is lying very ill with heart disease. Friends and relatives are fearful lest he does not recover.

Charles Klepper, the cab builder, who is suffering from cancer of the stomach, has been removed from his home to the hospital. He is a very sick man.

Machinist Barney Weber, of the Pittsburg shops, had an eye injured by some iron dust this morning. He had to quit work and seek the aid of an occulist.

Pennsylvania engine 216, from the Chicago yards, came here this morning for repairs. Engine 135, from the eastern division, also came here for general repairs.

Henry Gumppert, of the Pittsburg car shop, was injured about the legs yesterday by the support of some timbers given away and allowing them to fall on him.

While working in the east car shop yesterday, K. Meyer fell off the scaffold, striking his back upon a Jenney coupler. He was severely bruised, but escaped serious injury.

R. C. Hunter, foreman of engines on the Evansville and Terre Haute, has resigned to accept service with the St. Louis and Iron Mountain as general yardmaster at Poplar Bluffs, Mo.

S. S. Current, who is employed in the east yards, was taken ill at noon yesterday, and removed to his home. He was attended by Dr. A. J. Boswell, who reports that his condition is not serious.

C. V. Jennings, the Wabash switchman, who had a couple ribs broken and received other injuries two or three weeks ago, is now sitting up and will soon be walking around. He will be unable to work, however, for two or three weeks yet.

General Superintendent A. W. Johuston, of the Nickel Plate, is making one of his monthly inspections of the line. He passed west over the road on a special train at 11:20 yesterday and will return some time today. Accompanying Mr. Johnson on the trip are Motive Power Superintendent McKinzie, General Roadmaster C. B. Hoyt, Division Superintendent C. D. Gorham and Bridge Superintendent James Rogers.

The itinerary of General Manager Joseph Ramsey, of the Wabash, has been slightly changed. Under the new schedule the inspection party will pass through here Monday evening, lay over night at Toledo and return here at 11:50 Tuesday morning, when the shops and yards will be inspected.

Construction work is being pushed energetically on the Columbus, Lima and Milwaukee, a line on which construction work was suspended for some years. Much of the grading was in bad shape Track laying is to be commenced next Monday between Continental and Kalida, Ohio.

The Little Rock and Memphis railroad was sold yesterday under a decree of foreclosure of the United States court for $435,000. The road will now fall into the hands of the Choctaw, Oklahoma and Gulf people, and be extended from Little Rock to Woster Junction, I. T.

Herman Tapp, who has the contract for building the abutments for a bridge at Big Rapids for the Grand Rapids and Indiana company, went up to that place today. Rain and snow has greatly interfered with the work and Mr. Tapp is getting anxious lest cold weather overtakes him ere the completion of the abutments.

Regarding the report that President J. J. Hill was going to turn the affairs of the Great Northern over to his sons, that gentleman said: "I hope my sons may some time be able to handle the affairs of the Great Northern and that I may rest from my labors, but such a change is not imminent now. There is absolutely no truth in the story."

Indianapolis Journal: "The Pittsburg, Fort Wayne and Chicago is doing the heaviest freight business in its history. On Saturday last 3,097 cars were handled in the company's yards at Allegheny. The road has a rule to move no freights on Sunday during church hours, but last Sunday there was no cessation for fear of a congestion of business."

J. H. Brokaw, the Grand Rapids conductor, left yesterday for Leach lake, Wis., to join the party of hunters that went up there several days ago. Mr. Brokaw has made yearly expeditions into Wisconsin for the past decade. Usually he stays a month, but owing to the prospect of an early and severe winter, he will probably not stay up there this time more than a fortnight.

Discovered by a Woman.

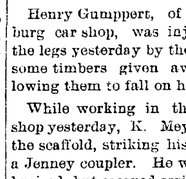
Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Drier & Bro.'s drug store. Regular size 50c and $1.00. Every bottle guaranteed.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogerty, Lexington, Ky." Sold by Dreier & Bro., druggists.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.



Napoleon, at St. Helena, said to Antonomarchi, his physician, "Believe me, we had better leave off all these remedies; life is a fortress which neither you nor I know anything about.

Why throw obstacles in the way of its defence? Its own means are superior to all the apparatus of your laboratories. Medicine is a collection of uncertain prescriptions, the results of which, taken collectively, have been harmful to mankind. Water, air and cleanliness are my chief medicines."

At the time when Napoleon said this he was largely right. Physicians in those days dealt out obnoxious and drastic drugs that did violence to every fiber in the body. Since that date medical science has made wonderful strides. Dr. Pierce's Golden Medical Discovery is a medicine composed of native medicinal roots that do no violence to nature. Its action is gentle and natural. It simply promotes the natural processes of secretion and excretion. It restores the lost appetite, corrects all disorders of the digestion, makes the assimilation of the food perfect, invigorates the liver, purifies and enriches the blood, builds new and healthy flesh tissue, tones the nerves and gives sweet and refreshing sleep. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of all diseases of the air passages that lead up to consumption. It is a wonderful medicine for all diseases due to insufficient or improper nourishment of the nerves. Do not deal with unscrupulous dealers who urge you to take worthless substitutes for the sake of a few pennies added profit.

"I have been using Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' for the past three years and they have saved my life." Thus writes Mrs. Sophia Frazer, of Oakdale, Rockbridge Co., Va. "I now keep the 'Pellets' in my house all the time and use them every time I feel the need of a laxative. I am fifty-three years old and was troubled with liver complaint until I used your medicine. Now I am well."

Every sick man or woman should send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to pay the cost of mailing only for a free copy of Dr. Pierce's great 1000-page Common Sense Medical Adviser; or 31 stamps for a heavy cloth-bound copy.

FURIOUS GALE RAGING.

Lower Lake Region Swept by a Wind Reaching Fifty Miles an Hour Velocity.

CLEVELAND, Oct. 27.—Since late yesterday afternoon a furious gale has swept over the lower lake region. During the night the wind reached a velocity of fifty miles an hour, accompanied by flurries of snow.

So far as reported the only damage suffered to shipping was to the yacht Cygnet, which was anchored inside the Cleveland breakwater. Her anchor chains gave way and she was quickly dashed upon the beach, where she is being pounded to pieces by the waves.

No person was aboard the yacht when she went ashore.

YELLOW FEVER IN MEXICO.

Two Cases Officially Announced in Monterey.

LAREDO, Tex., Oct. 27.—The secretary of state of Neuva Leon, Mexico, officially announces two cases of yellow fever in Monterey and ten doubtful. The reports of the fever here, the quarantine officers state, will most likely come through Mexican officials. The Mexican national railroad's through passenger and freight trains to Saltillo and the City of Mexico are running regularly and every effort is being made to prevent delay. The weather here and within a radius of 200 miles of Monterey has turned much cooler with frost reported at Saltillo.

CARELESSNESS

Often Causes No End of Suffering.

Probably half the people who see this article suffer from Piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent. Druggists sell the Pyramid Pile Cure at 50 cents. Send for free book on cause and cure of Piles by addressing Pyramid Co., Marshall, Mich.

Health is Wealth.

Lakeside is acquiring a great reputation as a center of fruit culture, as everybody knows. Hitherto Lakesiders have been modestly content with being merely at the front in ordinary achievements. Not satisfied with this, however, they have gone farther. Just to prove that Porto Rico is not the only place in the United States where two crops may be grown in one season, William Aiken, of Lake avenue, has ripening on his vines his second crop of red raspberries. Mrs. Aiken this morning discovered several ripe berries on the vines and they were exhibited to the horticultural editor of THE SENTINEL, who pronounced them genuine and fresh.

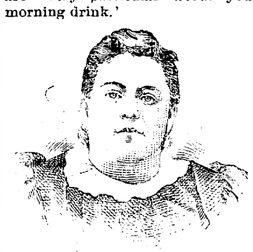
ANOTHER BRAIN WORKER

Gives Experience in Coffee Drinking.

"My work (writing for papers and magazines) calls for such steady use of the brain that, like many fellow workers in that line, I became badly exhausted at times, and naturally felt a desire for some sort of stimulant.

"Coffee I have used considerably. Its effects finally became so apparent that I decided I must make a change, for I could not endure the headaches and extreme nervousness that followed. Then came the objections innumerable from the other members of the family. 'What shall we have for breakfast in the place of coffee, for you, of all people, are very particular about your morning drink.'



MRS. MARY E. FORSYTH, Milwaukee, Wis.

"We tried leaving off coffee, but for a morning or two the breakfast was not tempting.

"Then Postum Food Coffee was brought to my notice, and unfortunately, the first morning it was carelessly made by the cook, and was not at all satisfactory. I determined to look personally after its preparation, and after noticing that the directions called for full fifteen minutes' boiling after boiling had really commenced, I made it that way, and these were some of the exclamations at the breakfast: 'Why, it's far better than coffee!' 'What an exquisite flavor?' Delicious, delightful,' etc.

"The effect of the change on my health was magical. The headaches and nervousness were all gone, and in their place a peculiar and grateful exhiliration possessed the entire body. I was not the only member of the family benefitted by the change. One member who had suffered seriously with stomach trouble was relieved entirely in a very short time.

"Perhaps you might be interested to know that there are several of our friends who have been greatly helped by the use of Postum. Mrs. Emma Max used to be greatly troubled with nausea and sick headaches; Miss Addie Slight was cured of stomach trouble; Chas. Everson, formerly suffered greatly with headaches and nervousness; Miss Elza Smith was a great sufferer from severe bilious attacks. All of these persons have been relieved of their difficulties and put in a fine condition of health by abandoning coffee (which evidently was a poison to each of them) and using the Postum Food Coffee.

"I am convinced that your claim that Postum furnishes the particles of phosphate of potash and albumen necessary to rebuild the delicate matter in the nerve centers, is true, for my own experience and that of my family and friends, gives every indication of it."

Senator Cullom's Opinion.

SPRINGFIELD, Ills., Oct. 27.—United States Senator Shelby M. Cullom, of Illinoes, said today in an interview regarding the joint traffic decision:

"I can only say that after the decision of the supreme court in the trans-Missouri case I had no reasonable doubt as to the decision in the case of the Joint Traffic association."

SAND BAGGED.

Huntington Man Claims He Was Robbed.

M. H. Cummins Knocked Down Near the South Depot--Relieved of Over $18 in Money and a Pin.

[Huntington News-Democrat.]

M. H. Cummins relates of an assault which was committed upon him in Fort Wayne Tuesday night. He was sand bagged by some unknown person or persons near the Pittsburg depot at about 10 o'clock and relieved of over $18 in money, besides a fine tie pin which he was wearing in his neck tie.

His story is as follows: "I was in Fort Wayne Tuesday and missed the Wabash train to this city, so I walked around taking in the city. I had some business at the Pittsburg depot, after which I came out of the depot and started down the street. I was walking slow and did not notice any one on the street in particular, when I was struck down by a stunning blow on the back of my head which rendered me unconscious. I don't know how long I had been lying on the sidewalk when I regained my senses. As soon as I was able to realize what had occurred I felt in my pocket for my money, which was missing. I notified the police and a diligent search was made for the footpad, but no clue could be found."

Mr. Cummins came home Wednesday morning. On the rear of his head is a large lump which substantiates his statement.

CUMMINS DID NOT REPORT.

Superintendent Gorsline told THE SENTINEL this morning that he knew nothing of Cummins or his alleged robbery. The matter was never reported to the police and the superintendent doubts that he was robbed in this city. There could not be any truth in the statement that Cummins lay senseless on Calhoun street as there are two or three policemen who patrol that thoroughfare every half hour during the night.

POLICE COURT.

The police last evening raided houses of ill-fame at No. 57 East Main street, No. 29 Wells street, corner of Clinton and Columbia street, and No. 12 Lafayette street and arrested seven women and two men. They all put up $15 50 and did not appear in police court this morning. There were four train climbers and two drunks in court. All were fined $1 and costs and went to jail.

TRIED TO FLIM-FLAM.

Officer Elliott stoped an attempted flim-flam at the Fishman shoe store on South Calhoun street last evening. A railroader went into the store and purchased a pair of shoes for $2 50, handing the proprietor a $5 bill. No change was forthcoming and instead the shoe man asserted that he had received a $2 bill and demanded fifty cents more. The railroader started out with another pair of footwear just as Officer Elliott appeared. The two men told their stories, the shoe man denying that there was a $5 bill in the house. An investigation by the officer showed there were several fives and the shoe man was compelled to hand over $2 50, which he did without a murmur after the fives were found.

COLUMBUS MAY JOIN.

Ohio's Capital City May be in the Inter-State League.

The following squibs from a Columbus paper indicates what the fans are thinking about down there:

"It is a question whether Columbus would take to Inter-State league ball, should such a turn of affairs be taken, but with a fast team in that circuit and a rival like Toledo, there would be any amount of sport and the youngsters play fast ball, even if their salaries are not up to the Western league figures.

"If Columbus is dropped by the Western league there are several men who stand ready to take hold of an Inter-State team, and as Springfield, Mansfield and New Castle are all rather wobbly when it comes to supporting teams, it would be no trouble to get the capital city in if the Western league gave up this territory."

SMALL POX.

Ohio State Board Considered the Matter at a Meeting in Lima.

The Ohio state board of health held a meeting in Lima yesterday and discussed small pox. The meeting was held in Lima because the disease during 1898 had been most prevalent in the towns surrounding. Dr. Kahle reported that during 1898 there had been 156 cases. He said the season was now advancing, cold weather is coming and unless the spread of the disease is checked it may prove very serious. Dr. Probst reported that there were thirty-two suspected cases in Van Wert and Delphos during the year. New cases were reported for the week at St. Mary's, Guyer, Botkins and other small towns in northwestern Ohio.

SCRATCHED CONSTANTLY

Baby Badly Afflicted with Eczema. Medical Treatment Useless. Cured by Cuticura.

My niece's little baby boy had Eczema all over his face, so that he scratched constantly, and his mother, who nursed the poor child, thereby, became badly run down in health. She would be scratched in the night, too, as he was so full of sores. She had medical treatment, and tried everything with no benefit. She commenced using the Cuticura Remedies. The very first application gave the child relief, and now his face is smooth and well.

Accept Negative View on Cuban Debt Question.

United States Assumes no Part of the Obligations.

Spain Will Abandon Cuba Without Conditions.

All Difficulties With Respect to Porto Rico and the Island of Guam are Adjusted.

PARIS, Oct. 27.—The Spanish peace commissioners have accepted the negative view of the United States commissioners towards the proposed assumption by the United States of the Cuban debt.

The American commissioners have firmly but courteously declined to assume for the United States, the entire or joint responsibility for the Spanish financial conditions and the Spanish commissioners have finally abandoned the effort made and agreed that the Cuban article of the protocol shall, without conditions, have a place in the ultimate treaty of peace. It was not until Monday that they became absolutely convinced that the Americans had, from the outset of their refusal to accept the Cuban debt, meant exactly what they said.

In short the fact is the Spanish commissioners had, as a back ground of their efforts, doubts of succeeding, their hope of so doing has been so keen and their contention has been so vigorously prosecuted that the first conviction of their inability to win their point brought to the Spaniards such a shock and depression that, consistently with these dispatches at the time, there were grave doubts as to the continuance of the negotiations. In support of these statements is the fact that Senor Montero Rios, after Monday's session, and on Tuesday last would have resigned the presidency of the Spanish peace commission, had he not believed that his so doing would have gravely shaken, even if it had not unnerved Senor Sagasta's government. From this standpoint, if for no other reason, Senor Montero Rios retained his position, and at yesterday's session, acting under the conviction arrived at on Monday, the Spaniards announced that they would forge further argument on the Cuban debt and agreed that, practically in the terms and absolutely in the spirit of the protocol, the article about Cuba should go forward into the final draft.

The Spain agrees to relinquish sovereignty over and claim to Cuba without either terms or conditions.

All differences, if any existed, regarding Porto Rico and the section of the island of Guam were also arranged by a mutual understanding, and the commissioners found themselves well nigh touching the Philippine question, which will be taken up next week. The session of the joint commissions which began today at 2 p. m. ended at 4 p. m.

SUN BROKE OUT.

Old Sol Smiles on Philadelphia's Peace Jubilee.

Immense Parade of Soldiers Reviewed by President McKinley, Who is Loudly Cheered.

PHILADELPHIA, Pa., Oct. 27.—There was companionship today for the disappointment in the enforced postponement of the civic parade, which had been scheduled for yesterday. The rainstorm which started at 4 o'clock yesterday morning continued until nearly midnight last night, when the wind shifted to the west and quickly blew the clouds out to sea.

Today opened with a clear sky and bright sunshine and with every possible favorable opportunity for the assembled crowds to witness the great military parade, which was the program for the day in the week's peace jubilee. The successful and powerful naval review of Tuesday had whetted the desire to witness and applaud the country's sons who had enlisted to serve with the banderas in the government service in the demand for humane and just treatment of the Cuban populace.

The program which called for the parade today of the military was permitted to stand as previously arranged, and the civic parade was carried over from Wednesday to Friday.

From 25,000 to 30,000 soldiers had reached the city to participate in the grand pageant, and all were promptly at the assigned points of assemblage to take their place in the great procession. The president and vice president of the United States, with the members of the president's cabinet, distinguished army and navy officers, and hundreds of thousands of residents of this city and other localities honored the occasion with their presence, and with almost the entire populace of the city cheered the soldiers as they moved over the route.

President McKinley prior to the parade got into a carriage over the route of the procession to view the decorations and was greeted with a continuous ovation.

With Gen. Nelson A. Miles, the head of the United States army, in the lead, the procession started from Broad street and Snyder avenue at 11 o'clock and proceeded via Broad street over a route of about seven miles. About four hours was occupied in passing a given point.

TOOK THE WHEELS.

William Berry's Wheels Taken From His Wagon for Debt.

A Wagon Contractor Removed Them From the Wagon and Took Them Back to His Shop—Notes.

Justice Ballerman issued replevin papers in a peculiar case today. William Berry, the contractor who hauls the stone for the Walton avenue bridge, had a wagon made by a Fort Wayne wagonmaker some time ago and paid $60 for it. The wagon was guaranteed to haul a certain number of tons for a year. In the course of a few months Mr. Berry noticed that the spokes were loose in the hub and the fellies and he went again to the contractor, who made the claim that he had overloaded. After some parleying an agreement was reached whereby a new set of wheels were to be made for $20. When they were done Mr. Berry paid down $5 and put the wheels on his wagon. The muddy roads yesterday prevented Mr. Berry from hauling stone and he left his wagon standing in the muddy alley near his barn. The contractor, who still had a balance of $15 owing him, saw his opportunity, and with two or three friends paid a visit to Mr. Berry's alley, and took the wheels from the wagon. When Mr. Berry went to the alley again the running gears of the wagon were lying on the ground in the mud without wheels. He suspected what had happened and visited the wagonmakers' shop, where, sure enough, he found the wheels. The wagonmaker would not allow Mr. Berry to take them, and consequently to-day this morning appeared before Justice Ballerman, and commenced replevin proceedings. Constable Schmidt served the papers went out and got the wheels. The case will probably result in more litigation.

SELLER GETS SMALL VERDICT.

The DeKalb circuit court has been occupied for fifteen days or more with the case of Sebastian Miller vs. Wabash Railroad company, on change of venue from Allen county. The complaint demand for $10,000 was made for injuries received from fire alleged to have been started by negligence of the railroad company, and it is claimed that the value of six acres of much wood was thus destroyed, and two witnesses testified that the land was worth $15,000 per acre with its products, which were willow, cultivated for basket making. The willows were set in rows and beautiful specimens of the shrubs were on exhibition in the court room. It was claimed also, that it required peculiar soil for the cultivation of this species of willow, and hence the great value, as the muck was entirely barred off. Walpole G. Colerick, Henry Colerick and D. M. Link were attorneys for the plaintiff, and Judge Hammond, W. V. Stuart, J. E. and J. H. Bass for the railroad company. The trial was before a jury with Judge Roby on the bench.

The evidence was all in Monday evening and the arguments were completed at 4 o'clock Tuesday afternoon. Wednesday morning the jury returned a verdict of $1,237.62 for the plaintiff. The Messrs. Colerick returned home yesterday afternoon.

NOTES.

Alonzo Freeman was fined $1 and costs by Justice Ballerman for profanity. An appeal was taken to the circuit court.

A jury in the superior court yesterday rendered judgment for $4.64 for the plaintiff in the case of Gottlieb Haller vs. Max Gollert.

Judge Dawson and a jury are today hearing the evidence in the case of Fairfield vs. LeMay. C. A. Hays and Henry Colerick appear for plaintiff and E. V. Emrick and P. B. Colerick for defendant.

The Dreyfus Case Again to the Front in Paris.

Court of Cassation Considers the Revision.

Anti-Revisionist Mob Gathers About the Place.

The Rabble Becomes so Violent and Threatening That the Lawyers Flee From Court.

LONDON, Oct. 27.—According to a special dispatch from Paris, an antirevisionist mob around the palace of justice, where, in the court of cessation the appeal in the Dreyfus case is being heard, became so dangerous that the lawyers fled.

THE CASE REOPENED.

PARIS, Oct. 27.—The court of cessation, which is to decide upon the question of reopening the case of Alfred Dreyfus, the prisoner of Devil's Island, who is alleged to have been falsely convicted of selling important military plans to agents of a foreign power, opened its doors today. The hall was filled with people, but there was no demonstration around the palace of justice, the gates of which were closed as a matter of precaution, only ticket holders being admitted. The few spectators about the palace were kept moving by the police and inside the building municipal guards were stationed in all the corridors leading to the court room.

Maitre Labori, who was counsel for M. Zola during the latter's famous libel prosecution, the lawyers occupying the first row. Madame Dreyfus, wife of the prisoner, was provided with a seat in a corner. She was represented by Maitre Mornard.

The Dreyfus appeal case was called immediately after the opening of court. Reporter Bard opened the proceedings by referring to the excitement and scandals caused by the case, even before the appeal for a revision of the trial was lodged. He then reviewed the history of the case from the arrest of Dreyfus, and said his condemnation was for one of the crimes which inspire universal horror, and it struck one of those in whom the country had the most confidence.

Continuing, M. Bard spoke of the efforts made to obtain a revision of the case, referred to denunciation of Major Esterhazy, and reviewed Mme. Dreyfus' appeal for a revision of the case.

WITHOUT WIRES.

Electric Force Transmitted Through the Air.

Nikola Tesla Finds a New Power, an Account of Which Reads Like a Romance.

NEW YORK, Oct. 27.—Nicola Tesla, who has added much to the world's knowledge of electricity and electrical phenomena, announces in the current issue of the Electrical Review his discovery of a new method of transmitting large quantities of electrical energy to any distance without the employment of wires or other metallic conductors, and will in a few months construct a station to practically demonstrate. The only conductor used is the atmosphere at great altitudes, where it is extremely rarefied.

Mr. Tesla's discovery, it is contended, differs from others explained as methods of telegraphing without wires and so forth, in that it transmits any quantity of energy generated up to millions of volts and without loss.

He asserts that by his plan there is less conduction, and not, as in the case of other methods referred to, an induction or electrical radiation. Phenomena accompanying these methods preclude the transmission of any considerable quantity of energy and involve a great loss of power, so that, it is urged, they are of little practical importance.

It has long been known that if air inclosed in a vessel be rarefied it becomes a true conductor of electricity, though of high resistance. Mr. Tesla has discovered, however, that the conductivity of air increases rapidly with the increase of electrical pressure, and its degree of rarefaction, and the purpose of the apparatus which he has devised is to turn this discovery to account.

Stripped of technicalities, this apparatus comprises a line connecting a transformer, which communicates with the source of electrical energy, and a terminal high in the air. This terminal is a metallic globe of large size and construction. A balloon at such an altitude that the air is extremely rarefied, and performs the function of projecting the electrical energy. If there be high mountains in the neighborhood the terminal must be above their crests to prevent leakage of energy.

At the receiving end is a similar apparatus. Here, however, the terminal performs the function of collecting the energy projecting from the first terminal positioned, and transmits it to the transformer, from which it can be distributed for use.

The transformer comprises an insulating core of spool, around which are wound many thicknesses of fine wire, forming in the transmitting apparatus the secondary or high tension coil, and around it are wound a few turns of coarse wire, forming the primary or low tension coil. In the receiving apparatus the wire constitutes the primary and the coarse wire the secondary coil.

No rule can be laid down as to the degree of elevation required for the terminals, which depends entirely on the condition of the atmosphere and the character of the country. They must, however, be much higher than the highest objects surrounding them.

This method of transmitting energy, Mr. Tesla says, can be used by ships at sea or by vessels footing in the air. It can be used to transmit power over high mountains when the stringing of wires or laying of other conductors would be difficult or impossible, or by projecting energy across rivers or lakes, saving the trouble and expense of submarine cables.

While not designed primarily for telegraphing, but for the transmission of power in large quantities, he says the method can be applied to telegraphic purposes also, as a current of very low power can be transmitted as easily and practically without loss.

TO SAVE THE HOGS.

Government Experiments With a Cholera Cure.

A Special Car for the Disease is Found in a Serum Which Saves 90 Per Cent. of Cases.

WASHINGTON, Oct. 27.—During the past two years the department of agriculture has conducted a series of experiments in the use of serum as a remedy for hogs affected by cholera or swine plagues. The experiments were conducted by Dr. E. Salmon, chief of the bureau of animal industry, and the results were eminently satisfactory, proving that the dreaded disease can be successfully treated easily and inexpensively.

The losses suffered by the farmers of the United States annually from hog cholera aggregate an enormous sum. In Iowa alone, during 1896, it is estimated that the hog raisers lost through the ravages of the disease $16,000,000. Scores of remedies have been tried, but nothing even approximating a specific for the disease has ever been discovered until the department of agriculture began its experiments. Summarizing the results of the experiments, Dr. Salmon said that 80 per cent. of the hogs treated in droves have been saved, while in the droves affected with cholera not one per cent of the serum treatment quite 90 per cent. were lost.

Last year the experiments were conducted in Page county, Iowa, the results showing a loss on only 20 per cent. of the affected droves.

This year the experiments have been extensive and far reaching.

The bureau treated 922 hogs. Of these 150 died, the number saved being eighty-one out of every 100. The loss was only 16 per cent. The serum is treated, compared and dried, and of these six droves lost only one hog each. On the other hand, 1,107 hogs in other droves were observed and not subjected to the serum treatment.

Of these 872 died, showing a loss of 79.8 hogs out of every hundred. Speaking of the treatment Dr. Salmon said:

"There is no question of the effectiveness of the serum treatment. Our operations have been viewed with scepticism, but the serum treatment for hog cholera is no longer an experiment. It is a proved success and undoubtedly will save to the farmers of the United States millions of dollars every year."

The cholera serum is procured by keeping apart for treatment an animal—a horse or a sow—and injecting into its blood a small amount of the blood of a cholera-diseased hog. This will sicken the subject, but its will recover, when another dose will be administered, and on time after time until finally his blood becomes so impregnated as to render him practically cholera proof.

Then his blood is let and the clot drawn off, leaving the thin portion known as serum, which is the serum.

This is used to inject into the diseased hogs and operates to render them likewise cholera proof, or even cures them of the disease after it has developed.

NO FIRE BRICK COMBINE.

Paving Brick Concerns Have Organized the Great Trust.

COLUMBUS, Ohio, Oct. 27.—A special to the Dispatch from Massillon, Ohio, says:

Thomas Bligh, a prime mover in the organization of the so-called paving brick trust states that the concern is not to be a fire brick trust, but a paving combine. It is not the intention to increase prices but to prevent their being cut. Those particularly interested are the manufacturers of the Hocking Valley, the Canton district, the Ohio Valley and the Galesburg, Illinois, district.

Mr. Bill has just returned from Paris, where he arranged for the $13,000,000 that will be needed to complete the organization.

LIKE THE SALT TRUST.

ZANESVILLE, O., Oct. 27.—The fierce mammoth paving brick plants of this city will, it is understood, be included in the new paving brick combine. It is said here that the combine will also acquire all the factories making modern clay working machinery, thus shutting off outside concerns from equipping themselves with machinery that would make competition possible.

HOAGLAND-HASKIN.

Nuptials of Ralph Hoagland and Miss Helen Haskin.

Groom Formerly Resided in Fort Wayne—Bright-Eyed Wedding This Evening—Other Weddings.

The marriage of Ralph T. Hoagland to Miss Helen Haskin occurred at Evanston, Ill., yesterday, and as the groom formerly resided in Fort Wayne, the following account, taken from today's Chicago Times-Herald, will be of interest:

Emanuel church, at Evanston, was the scene of a pretty and picturesque wedding, which took place at noon yesterday, when Miss Helen Haskin, daughter of Mr. and Mrs. Charles H. Haskin of Evanston, was wedded to Ralph Townley Hoagland, son of Mr. and Mrs. J. H. Hoagland, of Chicago. The marriage service was read by Rev. Tracy McGee Waters. The bride was attended by her sister, Miss Leslie Haskin, as maid of honor. The bridesmaids were: Misses Charlotte Holmes of Menominee, Mich.; Louise Griggs, Justine Colston of Brooklyn; Jeannie Ward.

John H. Brooks, of Scranton, Pa., was best man. The groomsmen were Messrs. John Harding, Robert Thorne, Ed Smith, Gail Dear, John Keddie, William Evans, Lawrence Degolyer and Joseph Haskin. The bride's gown was a charming combination of white satin and tulle and her only ornament was a pearl necklace, the gift of the groom's mother. She wore a veil which was caught with a spray of orange blossoms. Her bouquet was of white chrysanthemums. The maid of honor's costume was of paint appliqué lace over yellow satin and very handsome. She wore an imported hat of black velvet, was very large and covered with black plumes. Her flowers, as well as those of the bridesmaids were yellow chrysanthemums. Yellow tulle, trimmed with yellow chiffon, was the material of the bridesmaids' gowns. They, too, wore large black plumes trimmed hats. The floral decorations at the church were white chrysanthemums and palms, but at the house the yellow chrysanthemums, with palms and panthers smilax for a background, predominated. The wedding breakfast many a breakfast to 100 guests was served by Smiley at the family residence, 393 Ridge avenue. Mr. and Mrs. Hoagland have gone east for their honeymoon. They are to reside at 4813 Madison avenue, where they will be at home the second and third Tuesdays in January.

KINNAIRD—DAVIS.

This evening at the home of the bride, on Lake avenue, will occur the marriage of Louis Kinnaird to Miss Christie Davis. The ceremony will be performed by Rev. L. L. Hobson, pastor of the Baptist Tabernacle. The couple will leave on a wedding trip.

BORNS-WHITE.

Invitations are out for the marriage of Miss Grace M. White, daughter of Mrs. J. B. White, to William Morris, which will occur Wednesday, November 9th, at the residence of the bride's mother. The groom's home is at Richmond, Va.

DUDDE-SCHULER.

Yesterday, at St. Mary's Catholic church, occurred the marriage of John Dudder, of Lafayette, to Miss Mary Schuler, of this city. Very Rev. Father Oechtering officiated. A reception was tendered last evening at the home of the bride's parents, on East Jefferson street. Mr. and Mrs. Dudder will reside at Lafayette.

WRIGHT-PAGE.

This evening at 8 o'clock will be celebrated the nuptials of Miss Josephine Tina Page and Thomas Blackburn Wright. The wedding will take place at the home of the bride's parents, Mr. and Mrs. William D. Page. Miss Edith Yarnelle will attend the bride, and the bridal couple, and the Rev. D. W. Moffat will officiate. Only immediate relatives and friends will be present.

WEHMEYER-MOELLERING.

Miss Matilda Moellering, daughter of Mr. and Mrs. William Moellering, sr., will be married at 5 o'clock this evening to Gustavo Wehmeyer, of Kendallville. The ceremony will be performed by the Rev. P. J. Miller, pastor of St. Paul's Lutheran church, at the residence of the bride. After a brief wedding trip, Mr. and Mrs. Wehmeyer will be at home at Kendallville.

DIRECTUM SOLD.

W. E. Spires, of Glens Falls, Pays $30,000 for the Great Trotter.

SAN FRANCISCO, Oct. 27.—J. E. Green, of this city, representing the Green estate, has sold Directum to W. E. Spires, of Glen Falls, N. Y., for $30,000 in gold coin.

Directum is now eight year's old, and when a four-year-old, made a glorious campaign throughout the east, proving himself to be the champion trotter. He wound up the season by reducing the world's trotting stallion record to 2:05½. Directum was bred by the late John Green, of Dublin, Contra Costa county, Cal. He is by Director, dam Stem Winder, by Venture.

TALK OF FASHODA.

Subject Discussed by the British Cabinet.

Meeting Said to Have Been of High Importance.

Sir Herbert Kitchener Deprecates War.

The Similar Letters to Find Diplomacy Can Find a Way to Avoid an Appeal to Arms.

LONDON, Oct. 27.—A cabinet council was held at the foreign office today. All the members of the cabinet were present and the meeting lasted two hours. When the ministers left the foreign office they were strolling and did not give any indication of serious apprehensions as to the future.

The French ambassador, Baron De Courcel, saw the Marquis of Salisbury immediately after the conclusion of the cabinet meeting.

GENERAL KITCHENER'S VIEWS.

PARIS, Oct. 27.—General Kitchener left Paris this morning and will reach London this afternoon.

The Evenement publishes a report of an interview with General Kitchener, in which he is quoted as saying:

"I am only a soldier and am ignorant of diplomacy, which is not my business, but I hope the diplomatists will succeed in settling the difficulty amicably.

"I can only praise the French, particularly Major Marchand, who received me at Fashoda with charming cordiality; and I shall always retain a souvenir of the reception.

"The situation is rightly regarded as most critical, but I cannot approve of those who say that war is the only solution. Calm, courteous discussion will give a solution acceptable to both nations. I have entire confidence in diplomacy.

"Perhaps my opinion of Major Marchand's exploit may contribute to the result which all desire."

FRENCH CABINET GOSSIP.

PARIS, Oct. 27.—Nothing definite has yet been settled in connection with the formation of a new French cabinet. The air, however, is full of ministerial lists, in which the name of M. Hanotaux figures prominently. He is said to be the favorite candidate of the Elysee palace and it is generally believed President Faure will appeal to him to form a cabinet of republican concentration with M. Delcasse remaining in the foreign office.

Such a cabinet would not oppose a revision of the trial of Dreyfus.

M. Ribot has always been regarded as being favorable to a re-opening of the case.

President Faure received M. Delcasse today and had a long conference with the minister on foreign affairs.

M. Delcasse had a long talk this afternoon with Captain Bacarrier, the French officer sent to Paris by Major Marchand with the latter's report of his explorations and arrival at Fashoda.

HON. S. E. MORSS.

The Talented Editor Will Be Here November 8th.

Will Address Fort Wayne Citizens on the Political Issues of the Day.

Chairman Keough, of the democratic county committee, this morning received a letter from Hon. Samuel E. Morss, editor of the Indianapolis Sentinel, in which he stated that he would be in Fort Wayne to make a democratic speech on the evening of November 8. This means that he will deliver the last speech of the campaign in Fort Wayne.

Mr. Morss is not only a talented editor, but as a speaker has few equals in the state. He has many friends of friends in Allen county and he deserves, and will undoubtedly receive a rousing welcome. The speech will probably be delivered in the Princess rink.

DEVOURED BY POLAR BEARS.

Facts That Convince James Spiers, a Prospector.

VANCOUVER, B. C., Oct. 27.—News has been brought here by a party of Los Angeles men who went in over the Edmonton trail in an unsuccessful attempt to reach the Klondike of the death of James Spiers, of South Carolina, who was killed and eaten by polar bears in the Peace river district.

Spiers left camp alone to look for horses that had strayed away. The days later human bones were found near a mountain cave. A party camped there during the night and the next morning shot two large bears that were going into the cave. It is practically certain that the bones were those of Spiers. He had no weapons with which to defend himself.

BRIDE OF A WEEK DESERTED

Harry Moore, Agent of a Machine Company in Indiana, Is Missing.

MUNCIE, Ind., Oct. 27.—Harry Moore, employed by the Singer Machine company, in this city, was married to Miss Cora Hunt at the bride's home in Winchester a week ago. The bride, who is seventeen years old, is a niece of Union B. Hunt, the republican candidate for secretary of state. Last Saturday Moore informed his bride, who was staying at the home of her parents, that he was going to Muncie on a business trip, but disappeared, leaving many creditors in Winchester.

The company is said to have found a shortage in his accounts.

DIED IN OLD AGE.

Gottfried Schroeder and August Garnkaufer Pass Away.

Mr. Schroeder Came to Fort Wayne in 1852—Organ Factory Employes Will Attend Obsequies of Mr. Miller.

Last evening occurred the death of Gottfried Schroeder, an old and respected citizen who came to Fort Wayne in 1852. His death was due to the infirmities of age. Mr. Schroeder was born in Prussia eighty years ago and he came to this city with his wife at the time stated, and resided here ever since. He lived the greater part of the time since coming here at 170 East Jefferson street. His wife died about two years ago. Surviving him are four sons: John, the chief electrician; Rev. Henry Schroeder, pastor of a Lutheran church at Washington, D. C.; Prof. Frederick Schroeder, of the Lutheran schools, and Ferdinand, of the city fire department. The deceased was a member of St. Paul's Lutheran church.

GARNKAUFER.

At 3:15 o'clock this morning August Garnkaufer died at the residence of his son-in-law, A. Shultz, 139 East DeWald street, of kidney trouble. Deceased was born in Prussia and his age was seventy years, five months and twenty-four days. He formerly lived at Racine, Wis., but has lately made his home with Mr. Shultz. The children are as follows: Mrs. A. Shultz, this city; Mrs. J. McKinley, Chicago; Mrs. John Aberly, Chicago; Bertha, Louisa and Theodore, of San Francisco. The funeral will be held Saturday morning at 8:30 from the house and at 9 o'clock from St. Peter's Catholic church.

MILLER.

The time of the funeral of Henry Miller has been changed to Sunday afternoon so that the employes of the organ factory can attend in a body. The services will be held at the Emanuel's Lutheran church Sunday afternoon at 3 o'clock, Rev. Gross officiating.

MARSHALL.

C. P. Marshall, for several years a freight conductor of the Wabash, died at Longcliffe asylum, Logansport, yesterday. He was raised in Fort Wayne, but moved to Andrews with his wife several years ago. It is not known whether the funeral will be held here or at Andrews.

SOURS.

Andrew Sours, of Markle, one of the oldest residents of Wells county, was claimed by death yesterday, aged sixty-four years. The deceased is survived by six children—Lorenzo, Ernest, Eugene and Miss Mildred Sours, of this city; Mrs. James Barton, of Van Buren, and Mrs. Alvin Hoosor, of Markle.

SCHWIETERS.

The funeral services of the late Herman Schwieters will be held at 8:30 o'clock tomorrow morning from the family residence, 151 Ewing street, and from St. Paul's Catholic church at 9 o'clock, the Rev. Father Knirl officiating. Interment in the Catholic cemetery.

HECKMANN.

At 7 o'clock this morning Carl Heckmann, aged seventy-six years, five months and sixteen days, died at the residence of his son-in-law, Ernst F. Reinking, 59 Brackenridge street. The deceased was born in Prussia, came to America and located at Fort Wayne when he was eighteen years old. After remaining here five years he went to Adams county, where he lived until recently, when he came to make his home with his son-in-law in this city. Besides his wife he leaves children as follows: William, Mrs. Sophia Reinking, Mrs. Mary Reinking, Fred, Carl, Eliza and Ann Heckman. There are also twenty-five grandchildren. The funeral will be held at the Lutheran church, Fruithurst, Adams county, Sunday at 1 p. m., but previous to the removal of the body services will be held at the residence of Mr. Reinking, 59 Brackenridge street, tomorrow at 2 p. m., Rev. Gross officiating.

SCHWIND.

Mr. and Mrs. James Southern, of 378 South Webster street, have received the sad news of the death of their son-in-law, James Schwind, which occurred at Stony Island, Ill., last night, from malarial fever. The remains will be brought here for interment, arriving on Nickel Plate train No. 6 at 5 o'clock tonight, and will be taken to the Southern home. The funeral services will be held tomorrow afternoon, at 2:30 o'clock, at Simpson M. E. church. The dead boy was the son of Engineer and Mrs. Schwind, formerly of this city. The deceased father is engaged on the Nickel Plate and has the short passenger run between Chicago and Stony Island.

Glen Bott has been appointed meat inspector at the White Fruit House.

SPAIN'S TRIAL HARD.

Peace Conditions Becoming Too Heavy to Bear.

Each New Move for the Better Has Been Ruinly Blasted.

Peace Negotiations Near the Breaking Point.

Solutions of the Two Commissions are Severely Strained—The War May be Resumed.

PARIS, Oct. 27.—After noting that yesterday's session of the peace commissions did not arrive at any solution regarding the Cuban debt, the Gaulois says today:

"The situation is extremely strained, owing to the increasingly aggressive attitude of the Americans and it is even feared that if the Spaniards should not decide to give way on all points the negotiations will be broken off in the course of the next meeting. It seems unquestionable that the near approach of the American election plays a considerable role in the attitude of the Spanish delegates who have supposed that gaining time would obtain better terms from their conquerors, while just the opposite is happening."

Continuing the Gaulois intimates that if the Americans continue to show themselves intractable towards the Spaniards, a renewal of hostilities may result, especially if the Spaniards declare that they have arrived at the extreme limits of honorable concessions. The Gaulois then adds:

"We hope, however, that matters will arrange themselves, as we know sufficiently well the sentiments of the American nation to be able to affirm that a new war would be received with disfavor by all means of public opinion and the peace commission would, in bringing it about, assume heavy responsibilities for the future."

HERNLEY IS HERE.

Republican State Chairman Arrives in the City.

Come Here to Discuss Financial Matters With Twelfth District Republicans—A Conference.

Charles S. Hernley, of New Castle, the chairman of the republican state committee; George F. McCulloch, ex-chairman of the committee, and Judge W. A. Handy, a member of the republican state executive committee, arrived in the city at noon on a political mission.

The gentlemen registered at the Randall, and immediately after dinner were taken in tow by Editor C. E. Lesh, of the Gazette, who steered them to the Tippecanoe club rooms. Here the visiting politicians met a number of local republicans who tried to impress upon them the belief that the republicans had a chance to elect some of the county and state officers. Congressman Robinson for re-election. Mr. Hernley is a pretty smooth man himself and wasn't inclined to be yielding.

For several weeks managers of republican politics in Allen county have been vainly appealing to the republican congressional committee and the state committee for funds, but have in every instance been gracefully turned down when the statement that the committee did not intend to waste money on a forlorn hope. So earnest were the appeals to Mr. Hernley that he finally agreed to come to Fort Wayne today and investigate for himself so that he could lay his ax to the city. Several prominent republicans have intimated to Mr. Hernley that the g. o. p. has no chance in the Twelfth district, and while he may give up a small "bunch" to appease the importunate managers, the big game will not be forthcoming.

Mr. Hernley knows that Congressman Robinson's majority will be larger than two years ago by many hundred votes.

TO BE SHOT DOWN.

No Protection Tenure in Cuba Labor is Again Imported.

MADISON, Ill., Oct. 27.—"I reiterate that I will not tolerate this wholesale importation of foreigners into Illinois. And if I hear that a mob is to be brought into this state, a mob as was taken at Virden, I care not on what railroad it comes or for whom, I will meet it at the state line and shoot it to pieces with Gatling guns."

So declared Governor Tanner in a speech delivered before 1,200 auditors gathered at the Knights of Pythias hall in this city last evening. It was the concluding statement in an address largely devoted to defense of his course in the recent mine riots at Virden. The governor alarmed the mine operators for the loss of life there, and then delivered the above assertion as to his course in a similar case in the future should one arise.

Thirteen soldier boys came in from Indianapolis last night to visit home for a couple of days and get a few square meals. They will return to camp in time to report for roll call next Saturday.

WHAT a hot old town for foot ball Paris would make.

THE Spanish peace agents have dallied along to the point where they must either fish or cut bait.

IT is all right for Secretary Long to talk of the efficiency of the navy if he wants to spend his time that way, but it is pretty well understood that the navy speaks for itself.

THE belief of General Kitchener that the Fashoda question may be settled without war is entitled to attention by both England and France. He knows more of the matter than the diplomats are over likely to find out.

NO sort of attack on the character of Hon. C. M. Dawson as a man and a citizen or upon his integrity as a judge will do anybody else any good nor him any harm. It will be well to abandon that kind of fighting.

THERE is an element decidedly Spanish in the management of the United States weather shop. THERE are scholars more distinguished in their scholarship holding more college degrees than President McKinley, but probably none of them, nor any other person, has received the same degree so often. At least five times has he been made doctor of laws. Three of these come to him from the Wesleyan colleges. The president, being a Methodist, this was fitting and proper. Yale conferred the fourth, and the University of Chicago the fifth. The Ohio Wesleyan universities gave him the degree because he was the most eminent Methodist in the state; Allegheny college gave it because he had been a pupil there, and McKendall college because he was a candidate for the presidency, the institution giving the same degree at the same time and for the same reasons to Colonel Bryan, U. S. V.

PRIVATE advices from Indianapolis concerning the prospect of democratic success in the coming state election are of the most encouraging sort. Throughout the state the party is united, harmonious, diligent and hopeful. It is expected that there will be a gain of two congressman and of the election of the entire state ticket there is encouragement, no doubt at state democratic headquarters. It is conceded that Hon. Hugh Dougherty, of Bluffton, candidate for state treasurer, will lead the ticket by a broad margin.

THE supreme court decision on the gas warrants proceedings instituted several years ago by the attorney general of Illinois against the Pullman Palace Car company, on the ground that in owning and running the municipal affairs of the town of Pullman, the rights of charter were transcended, makes it necessary that the "model town" be sold. This will doubtless soon be done. The co-operative system by which the workmen in the Pullman car works relied on the corporation that employed them to furnish gas, fuel, provisions and supplies of all kinds will shortly pass away. To avoid confiscation the lands and buildings not necessary to the conduct of the car building business must be sold, though such sale may be only nominal. While the "model town" was in some respects model, it lost its good repute during the great strike four years ago, when the unhappy condition of hundreds of its inhabitants was disclosed.

"THE NEW BIRTH."

Powerful Sermon Preached by Miss Downey.

The Gold Knowledge of Redemption—Nine Persons Make Acknowledgement Jesus Christ.

The Berry Street M. E. church was well filled last night, and after the storm that has been sweeping over the country, the weather was fine, and it brought out a fine congregation. The effect of the sermon upon the congregation would be difficult to describe. They seemed to hang upon each word of the speaker. The theme was the "New Birth." The text was found in John iii, 3: "Verily, verily, I say unto thee, except a man be born again, he can not see the kingdom of God." Rio spoke of the apparent difficulties of the new birth, how it seemed to stagger even Nicodemus, the ruler. "And it is impossible for the mere intellectual assent, to understand the birth. One must be born from above. You cannot grow into the experience, it can only be made possible by a new creation. The kingdom of God is one place defined as 'Righteousness, peace and joy in the Holy Ghost.' Now you can see how utterly absurd it would be to attain to all those feelings, without having it from above.

"We understand that the natural world is divided into three divisions, viz: mineral, vegetable and animal. So the kingdom of God is divided into three parts, into right consciousness, peace and joy in the Holy Ghost. And one that is born again, will have more than an intellectual belief. He will come into an experience that is comforting and satisfying. So many persons are asking me, 'Do you think I am saved?' I always tell them, 'You may know.' A very dear friend of mine living in the east said to me once: 'Some years ago I united with the church, and began as best I knew how to serve the Master, but some how it has been so unsatisfactory, and I have spoken to my friends about the matter, and they tell me we are not having a religion of feeling now, it is simply walking by faith. But I get so hungry to know, and may I not have that consciousness that my sins are forgiven?' I said to her 'Just go, tell Jesus about it as you have told me, and I feel sure he will give you the satisfaction that you so earnestly desire.'

She said she went and told the Master of the burden that was so difficult for her to bear, and asked Him to give her the knowledge of her acceptance, and in a little while she came with her face shining, and she said, 'He saves me, He saves me!' So it is, my dear ones, with Christ. He wants to save you all. Won't you let him?"

The sermon closed with a fervent appeal that brought many to the altar of prayer. Ten precious souls were there seeking for pardon of sin, and nine of them, when they arose from their knees, knew by personal contact with Christ what it was to be "born again." The meeting on Friday afternoon will be one especially for those having unsaved loved ones out of Christ. The wives, husbands and all who have unsaved friends are requested to be present or send their requests for prayers. Meeting tonight at 7:30.

AMONG THE LODGES.

Big Meeting of the Order of Eastern Star for This City.

The G. A. R. Will Purchase a Plat of Ground at Lindenwood—Spicy News from Fraternal Circles.

A fraternal event that will attract to the city no less than 600 delegates has been set for April of next year, when will be celebrated the silver anniversary of the Grand Chapter of the Order of the Eastern Star. The annual state meetings are always largely attended, but greater importance attaches to the forthcoming gathering than any heretofore held by the order, as it is an anniversary celebration. The order is made up largely of women, and as the fair wives of Masons, and the delegates will be mostly made up of them, although fifty or sixty male members are expected to lend decorum to the meeting by their presences. It is contrary to precedent that the convention is held outside of Indianapolis, and on this account the members of Shiloh chapter are going to exert themselves to make it a great success, beyond anything of the kind that has taken place.

Shiloh chapter, No. 111, will give a hallow e'en party on October 31 at Sons of Columbus hall. The program will consist of fortune telling by Mme. de Vernois, apple bobbing by young people, light refreshments and dancing. The committee on entertainment consists of Messrs. and Mesdames J. M. Henry, W. J. Probasco, R. B. Rossington, J. W. Clark and A. S. Cavedale and Mrs. S. L. Ziegler and Mrs. J. C. Eckert.

ORDER OF CHOSEN FRIENDS.

Starlight Council No. 3, Order of the Chosen Friends, one of the old and substantial lodges of the city, is getting in line for active work this winter. A decided step in this direction being the organization of a degree team to do initiation work

HON. J. H. BASS,
Oldest Past Councilor of the Order of Chosen Friends.

Recently. Instructions for a new floor movement in the initiation ceremonies have been received, so that something new and original can be expected when the work is accomplished the coming lodge season. Some of the best citizens of Fort Wayne can be counted among the members of the Chosen Friends, and the oldest past councilor is Hon. J. H. Bass. The present councilor is Charles E. Stapleford and the secretary is Fral C. Wehnert. The lodge holds its meetings on Tuesday evening of each week, at Odd Fellows' hall, West Berry street, and a cordial invitation is extended to all visiting Friends to attend.

The members have arranged for a grand entertainment and oyster supper to be given on the evening of November 15th, at the lodge hall.

O. A. R.

A joint committee consisting of members of Sion S. Bass and Anthony Wayne posts has been conferring with the Lindenwood Cemetery association the past few days with the object in view of purchasing a plat of ground in the cemetery for the interment of departed comrades whose families do not own lots. The committee from Sion S. Bass post will report tomorrow evening at the regular meeting. It is the purpose of the soldiers interested to have the two G. A. R. posts and the Union Veteran Legion unite in buying the plat and give any of the members of these organizations the benefit of space as fast as they may passaway with, out having provided lots of their own. The G. A. R. has a lot given them by the association some years ago, and another lot was presented to them by a worthy individual who found no further use for it when he left Fort Wayne to reside elsewhere, but both of these lots have been filled up and more space of more space is becoming apparent.

ORDER OF FORESTERS.

The next meeting, on Friday evening of this week, will be in the nature of a symposium, this being suggested by Brother Harry Tompkar as the thing to have to awaken interest and enthusiasm. The committee having the affair in charge says that it is not useful in getting up symposiums but it makes a promise that this special feature will be given with all the trimmings and that every member will leave for home that night rejoiced at having been present. There will also be read at the meeting a report from the supreme high court, which communication contains something of interest to every Forester.

MODERN WOODMEN.

Edwards camp No. 3,127 had a very interesting meeting last Tuesday evening and had several candidates for adoption.

There were quite a number of Woodmen up from New Haven at the last meeting, and they are making great strides to success in their town, and have arranged to have a class of twenty for adoption on November 11th, when Edwards camp is invited to go and exemplify the work. The invitation was promptly accepted.

Edwards Camp will have a "smoker" on next Tuesday evening, and a full attendance is desired, as final arrangements will be made to go to New Haven.

The joint committee of Fort Wayne camp and Edwards camp will meet this evening at Dr. Leedy's office, to talk over arrangements for the state log rolling association, which will meet in one city next Labor day, and at which time a grand time is looked for.

K. O. T. M.

Wayne Tent, No. 51, will give a smoker and porkie party to members and male friends this evening. Preceding the social session there will be a short review. A large attendance is expected.

DEGREE OF POCAHONTAS.

At the regular meeting last Saturday, the representation to the great council of the state, which met last Thursday in Indianapolis, made a good and encouraging report of the councils in Indiana. The report showed a net gain of 760 members, of which this council had a good percentage.

ROYAL ARCANUM.

An inspirational movement springing from an important event of the late war with Spain has come up in the ranks of the Royal Arcanum, the nature of which will be fully explained at the next meeting of Howard council, on Friday evening, November 4. It has been discovered that Admiral Schley, the great hero to whom credit is given for the destruction of Cervera's fleet in Santiago harbor, is a member of this order, and as a mark of fraternal love and esteem it is proposed to present the admiral with a beautiful jeweled sword, the same to be purchased by contributions from all of the lodges in the Royal Arcanum of America.

L. O. O. F.

It will be a proud occasion for the members of Harmony lodge No. 19, when the lodge rooms are reopened next Tuesday evening, after having been treated to a complete transformation at the hands of carpenters, decorators and painters. A large sum of money has been expended in making the improvements and now, all being finished and perfectly dazzling in effect, the members will hold a formal reception next Tuesday evening to meet their friends and "show off" their hall in all its splendor. The committee having the arrangements for the formal opening are S. W. King, George H. Fisher and D. H. Wolf.

THEIR OF HEM HIGH.

Court No. 15 is expecting an opportunity to use its pamphernalia next Monday evening. The lodge very recently purchased new robes for the members of the order in town, and the brilliancy and impressiveness of the ceremonies are enhanced thereby. The court is the oldest in the city, and in fact is one of the earliest organizations in the history of the order.

Fort Wayne Court No. 58, T. of H. H., will give an entertainment Thursday, November 10th, at their hall above the old SENTINEL office, to which the many friends of the order are cordially invited.

ORDER OF RED MEN.

At a postponed meeting of Mechacondaquoha Tribe, I. O. R. M., next Saturday evening, the representatives who attended the great council at Indianapolis on Tuesday, October 18, will be present to report matters of interest concerning the meeting. The regular meetings of this lodge are on Wednesday evening of each week.

The Trading Post, the new auxiliary to the order, will hold an important meeting next Sunday afternoon at 3 o'clock, which all Red Men, their wives and daughters, are earnestly requested to attend. The meeting will be held in the lodge hall.

L. A. S.

Branch No. 19, of this city, will soon inaugurate a series of entertainments to last throughout the winter season. One week from tonight, at Sons of Columbus hall, the members will present a game of living checkers, twenty-four young ladies participating. The affair will conclude with a dance program and the selling of a beautiful comforter which was donated to the society by Mrs. Slater, of West Wayne street. The public is cordially invited to be present. The society has, in the past year, done a great deal in charitable undertakings, its object of organization being to aid the needy.

A. O. U. W.

The visit of T. D. Neal, of Indianapolis, grand master workman, last Thursday evening, awakened an interest in the fraternity that will result in an increased attendance and a deeper interest in lodge affairs during the coming winter. The meeting was held at the hall of Summit City lodge, but members from all of the lodges were present. Mr. Neal gave a very good talk on the present condition of the order and the encouraging prospects. He has promised to come again at some future time, when the members ought to turn out en masse to greet him.

Fort Wayne Lodge, No. 13, A. O. U. W., will initiate a large class of candidates tomorrow evening, and afterward the members and their guests will indulge in one of their pleasant social sessions. There will be a number of visitors from other A. O. U. W. lodges of this city and neighboring towns, and a grand time is anticipated. The officers hope to see the full membership in attendance.

PROTECTIVE BROTHERHOOD.

A local chapter of this order was organized in this city last night and next week a meeting will be held to elect officers and transact regular business. The Protective Brotherhood is a fraternal insurance order, admitting both men and women. The supreme chapter of the order was recently organized in this city with the following corps of supreme officers:

Supreme Councilor—Chas. H. Cadwallader, Fort Wayne.

Supreme Secretary—Cecilius R. Higgins, Fort Wayne.

Supreme Treasurer—Harry A. Keplinger, Fort Wayne.

Supreme Medical Director—Dr. John W. McCausland, Fort Wayne.

Supreme Vice Councilor—Thomas L. Hale, Columbus, Ohio.

Supreme Chaplain—Rev. Amos W. Ballinger, Fort Wayne.

Supreme Guide—Dr. Oscar L. Dales, Grand Rapids, Mich.

Supreme Warden—James H. Frost, Kansas City, Mo.

Supreme Tyler—Frank W. Wilson, Decatur, Ill.

Supreme Organizer—Willard C. McNutt, Fort Wayne.

Supreme Board of Directors—Alexander R. White, Q. L. Peery, W. W. Rockhill, all of Fort Wayne.

Supreme Attorney—R. B. Hanna, Fort Wayne.

LADIES OF THE G. A. R.

This organization will give a supper at the hall next Monday evening. The ladies are a patriotic band and assist the comrades of the G. A. R. in various ways.

TWINS UNITED AFTER YEARS

Young Woman Recognizes Front Stage Her Missing Brother.

KENDALLVILLE, Ind., Oct. 27.—Miss Mattie Thomas, giving her residence as Chicago, was reunited with her twin brother, James Fowler, at Van Buren, a village east of this place.

The story of the two lives would make an interesting novel, how the parents spent a fortune in seeking the girl, who was kidnapped one dark and stormy night.

Miss Thomas was playing with a theatrical company at Van Buren and the opera house was crowded. As the second act opened a young man entered the theater. Miss Thomas was rendering a solo, but as she looked at the young man and saw in his face an exact image of herself, she uttered a shriek and fell fainting to the stage.

The brother rushed to the stage, the curtain was lowered and after the young lady was restored to consciousness the happy reunion took place and the story was told.

Miss Maud Fowler, her true name, was abducted from the Fowler homestead twenty-five years ago.

The father spent his fortune in the search for the girl and finally the old couple died of broken hearts. The twin brother was taught never to give up the search and he has never done so. The young lady was told the story by an old nurse, who said her brother was the exact image of herself.

She was taken to the home of a wealthy family who cared for her, but being a good singer and knowing her story she left. The young lady has retired from the stage. She refuses to make known the name of the family.

"BILL" ANTHONY MARRIED.

Famed Survivor of the Maine's Disaster Happy in Married Life.

NEW YORK, Oct. 27.—"Bill" Anthony, the sailor who did not forget discipline when the Maine was blown up and reported to Captain Sigsbee, "I have the honor to report, sir, that the ship's blown up and is now sinking," has made a second report of himself to the public. He took the occasion of his departure for the peace jubilee at Philadelphia as a fit time for declaring the announcement of his marriage.

According to the sergeant's announcement, the bride was formerly Addah Maude Bancet, of this city. The wedding day was Saturday, Oct. 15th, just eight months after the Maine disaster. The place was the Seventh street M. E. church parsonage, Rev. F. H. Smith being the officiating clergyman.

Officers Honorably Discharged.

WASHINGTON, Oct. 27.—The following officers have been honorably discharged, their services being no longer required: Lieut.-Col. John Jacob Astor, inspector general, appointed from New York; Capt. Frederick M. Algar, assistant adjutant general, appointed from Michigan; Capt. James H. McMillan, assistant quartermaster, appointed from Michigan. Captain Algar is a son of Secretary Alger, and Captain McMillan is a son of Senator McMillan, of Michigan.

Boy Incendiary is Sentenced.

PERSONVIL, Ind., Oct. 27.—The origin of the recent fires in Patoka has been discovered in the person of Walter Brauer, aged sixteen, who rang the fire bell after starting a fire in a large barn. He was watched and soon to enter the Methodist church. When arrested the lad was in the belfry. He confessed to the pastor and was brought here for trial. He pleaded guilty and said he set fire to all the buildings recently burned, for fun. He was sent to the reform school until he reaches his majority.

MRS. PINKHAM CONQUERS BACKACHE.

Women Who Owe Their Present Happiness to Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—When I wrote to you last June, I was not able to do anything. I suffered with backache, headache, bearing-down pains, pains in my lower limbs, and, school all through my body. Menstruations were very painful. I was almost a skeleton. I followed your advice and now am well and healthy, and able to attend my own housework. I took medicine from a physician for over a year, and it did not do me a particle of good. I would advise all suffering women to write to Mrs. Pinkham. She will answer all letters promptly, and tell them how to overcome those aches and pains so common to women.—Mrs. C. L. WINN, Nacogdoches, Texas.

I think it is my duty to write and let you know what your medicine has done for me. For two years I suffered with female weakness, leucorrhœa, bearing-down pains, headache, backache, and too frequent occurrence of the menses. I was always complaining. My husband urged me to try your Vegetable Compound, and I finally did. I have taken three bottles and it has made me feel like a different woman. I advise every woman that suffers to take your medicine and be cured.—Mrs. GARRETTE LACKEY, Cross Ridge, N. J.

Before taking Lydia E. Pinkham's Vegetable Compound I was afflicted with female complaints so that I could hardly walk. My back ached terribly. In fact, I ached all over. Was not able to hold up some of the time. I had no appetite and was so nervous that I could hardly sleep. I have taken but two bottles of your Compound and feel like another person, can now eat and sleep to perfection, in fact, am perfectly well.—Mrs. SUE MCCULLOUGH, Adlai, W. Va.

TRAINS LATE.

Several Misfortunes Happen on Railroads.

The Pennsylvania Has Cars off the Track at Ada and Columbia City—Affairs of Shops and Hall.

The Pennsylvania and the Wabash trains were more or less delayed last night and this morning by the trucks being blocked by freight wrecks. No. 79 on the Pittsburg, a double header with forty-five loaded and twenty-one empty cars, had a one to jump the tracks at the end of the Ada switch. The freight train was going on the switch at the time to give No. 5, the west bound limited, which was nearly due, the track and one of the trucks climbed the frog and got the car crosswise of the tracks. No. 5 was compelled to detour from Forest to Lima, via the Big Four, the Chicago and Erie and the Cincinnati, Hamilton and Dayton and was delayed over three hours. The train had nine cars and in order that it might make up some of the lost time in making the run to Chicago, it was divided here and run in two sections.

The first section of freight train No. 79 had a similar experience at Columbia City at 8:45 o'clock. A car left the tracks and caused a blockade of a few minutes. The damage there was not so great as at Ada.

Wabash passenger train No. 2, from the west, was two hours and twenty minutes late in reaching this city this morning. This delay was also due to an accident to a freight train. A truck under one of the cars broke, derailing three or four cars and blocking the track completely. This wreck was not a costly one, none of the cars being badly crippled.

While en route to Ada to clear the tracks, engine No. 125, which was hauling the wreck train, ran upon some obstruction and broke her pilot and a draw-bar, causing delay until another engine could be forwarded.

MAIN COMING HERE.

At its meeting next Monday night A. G. Porter lodge No. 111, Brotherhood of Locomotive Firemen, will make arrangements for a reception to be given Vice President Main some time in the early part of November. The lodge will also initiate several candidates Monday night and transact other business of importance. A full attendance is desired.

ORDER FOR DRIVEL AXLES.

This morning's mail brought to the Bass works from the Illinois Central company an order for fifty engine driver axles. This is only one of the many orders of a similar character that have been received at the Bass works during the past two or three weeks and it indicates increased activity in engine and car building in this country. This order from the Illinois Central will furnish employment to a steam hammer crew of five or six men for thirty days.

THE ENCUMBERED LIST INCREASES.

"No Men Wanted" is a sign which appeared on the Pittsburg shop entrances this morning. Its presence there is not due to lack of work within, but rather to a surplus of laborers recently thrown upon the market by the suspension of farm work, street improvements and the like, which had engaged them during the summer months. The railway shops of Fort Wayne are today giving employment to as large a body of men as they ever employed. Notwithstanding this fact, there are many honest men out of work.

NICKEL PLATE MAN HURT.

H. C. Niedhammer is lying upon a cooch at St. Joseph hospital, suffering from injuries received at midnight while at work in the Nickel Plate yards. He is a brakeman and was about to leave with his train, when he fell from a car and broke his right arm in several places. He also sustained a bad wound on the head and possibly some serious internal injuries. Niedhammer was rendered unconscious by the fall and had he not been found by his fellow trainmen he might have been ground to death by car wheels. Dr. J. M. Dinnen is attending the unfortunate fellow.

A BOILER DEAL.

Yesterday the Fred Eckart Packing company placed an order with the Bass Foundry and Machine company for an 150 horse power boiler, to be placed in the new $20,000 artificial ice plant, which the Eckarts are about to establish near their packing house, on West Main street. The order also includes boiler front, smoke stack and all the trimmings necessary to a complete boiler plant.

General and Local Gossip.

Nickel Plate Engineer Ed Wolf is on the sick list.

W. Hayes has taken a position in the Bass boiler shop.

J. Koehl, a Pittsburg car repairer, is sick and off duty.

Roy Seymour, Nickel Plate engineer, is sick and off duty.

Brakeman Thomas Sarber, of the Pittsburg, has moved to 114 Force street.

The Social club of the Machinists' union will give a dance and pedro party tonight.

Caspar Krants, boilerwasher at the Pittsburg round house, is the father of a bouncing baby boy. The little chap weighed seventeen pounds when only an hour old.

Pittsburg Conductor A. P. Shaw is kept from his train duties by the illness of his wife.

C. W. Smith, the Grand Rapids dispatcher, is in Portland, attending the funeral of his brother's wife.

Nickel Plate Engineer Tim Short has gone to Knox after ducks, intending to remain there three or four days.

Caspar Lehmkuler, who had been sick a week, took his place in the Pittsburg blacksmith shop this morning.

Messrs. Smith & Randall are equipping a saw mill at Sheldon, where they have accumulated a big lot of logs.

The Electric corporation will in a few days install a lighting plant at Manistee, Mich. The machinery was shipped to that place today.

Brakeman C. S. Downey, of the Nickel Plate, who has been debilitated at home by sickness in his family, took his run out yesterday.

It is stated that the passenger earnings of the Chicago, Burlington and Quincy for October will be the largest of any month in the road's history.

Among the passengers on Pennsylvania train No. 5 last night was the Chicago University foot ball team, which was en route to Philadelphia.

F. J. Ryder, a Pittsburg yard conductor, has returned to his work after a three weeks' vacation on account of the carnival and private business.

Engineer Peter Carter, of the Pittsburg, and his wife, have returned home after a visit of several days with friends in Chicago and Valparaiso.

D Wahrenberg, a passenger car builder at the east shops, is lying very ill with heart disease. Friends and relatives are fearful lest he does not recover.

Charles Klepper, the cab builder, who is suffering from cancer of the stomach, has been removed from his home to the hospital. He is a very sick man.

Machinist Barney Weber, of the Pittsburg shops, had an eye injured by some iron dust this morning. He had to quit work and seek the aid of an occulist.

Pennsylvania engine 246, from the Chicago yards, came here this morning for repairs. Engine 135, from the eastern division, also came here for general repairs.

Henry Gumppert, of the Pittsburg car shop, was injured about the legs yesterday by the support of some timbers given away and allowing them to fall on him.

While working in the east car shop yesterday, K. Meyer fell off the scaffold, striking his back upon a Jersey coupler. He was severely bruised, but escaped serious injury.

R. C. Hunter, foreman of engines on the Evansville and Terre Haute, has resigned to accept service with the St. Louis and Iron Mountain as general yardmaster at Poplar Bluffs, Mo.

S. S. Current, who is employed in the east yards, was taken ill at noon yesterday, and removed to his home. He was attended by Dr. A. J. Boswell, who reports that his condition is not serious.

C. V. Jennings, the Wabash switchman, who had a couple ribs broken and received other injuries two or three weeks ago, is now sitting up and will soon be walking around. He will be unable to work, however, for two or three weeks yet.

General Superintendent A. W. Johnston, of the Nickel Plate, is making one of his monthly inspections of the line. He passed west over the road on a special train at 11:30 yesterday and will return some time today. Accompanying Mr. Johnson on the trip are Motive Power Superintendent McKitrick, General Roadmaster C. B. Hoyt, Division Superintendent C. D. Gorman and Bridge Superintendent James Rogers.

The itinerary of General Manager Joseph Ramsey, of the Wabash, has been slightly changed. Under the new schedule the inspection party will pass through here Monday evening, lay over night at Toledo and return here at 11:00 Tuesday morning, when the shops and yards will be inspected.

Construction work is being pushed energetically on the Columbus, Lima and Milwaukee, a line on which construction work was suspended for some years. Much of the grading was in bad shape. Track laying is to be commenced next Monday between Continental and Sulphur, Ohio.

The Little Rock and Memphis railroad was sold yesterday under a decree of foreclosure of the United States court for $625,000. The road will now fall into the hands of the Chicago, Rock Island and Gulf people, and be extended from Little Rock to Wester Junction, I. T.

Herman Tapp, who has the contract for building the abutments for a bridge at Big Rapids for the Grand Rapids and Indiana company, went up to that place today. Rain and snow has greatly interfered with the work and Mr. Tapp is getting anxious lest cold weather overtakes him ere the completion of the abutments.

Regarding the report that President J. J. Hill was going to turn the affairs of the Great Northern over to his sons, that gentleman said: "I hope my sons may some time be able to handle the affairs of the Great Northern and that I may rest from my labors, but such a change is not imminent now. There is absolutely no truth in the story."

Indianapolis Journal: "The Pittsburg, Fort Wayne and Chicago is doing the heaviest freight business in its history. On Saturday last 3,097 cars were handled in the company's yards at Allegheny. The road has a rule to move no freights on Sunday during church hours, but last Sunday there was no exception for four of a congestion of traffic."

J. H. Brokaw, the Grand Rapids conductor, left yesterday for Loach lake, Wis., to join the party of hunters that went up there several days ago. Mr. Brokaw has made yearly expeditions into Wisconsin for the past decade. Usually he stays a month, but owing to the pressed of an early and severe winter, he will probably not stay up there this time more than a fortnight.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastens its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and by use of two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at Drier & Bro.'s drug store. Regular size 50c and $1.00. Every bottle guaranteed.

FURIOUS GALE RAGING.

Lower Lake Region Swept by a Wind Reaching Fifty Miles an Hour Velocity.

CLEVELAND, Oct. 27.—Since late yesterday afternoon a furious gale has swept over the lower lake region. During the night the wind reached a velocity of fifty miles an hour, accompanied by flurries of snow.

So far as reported the only damage suffered to shipping was to the yacht Cygnet, which was anchored inside the Cleveland breakwater. Her anchor chains gave way and she was quickly dashed upon the beach, where she is being pounded to pieces by the waves.

No person was aboard the yacht when she went ashore.

YELLOW FEVER IN MEXICO.

Two Cases Officially Announced in Monterey.

LAREDO, Tex., Oct. 27.—The secretary of state of Nuava Leon, Mexico, officially announces two cases of yellow fever in Monterey and ten doubtful. The reports of the fever here, the quarantine officers state, will most likely come through Mexican officials. The Mexican national railroad's through passenger and freight trains to Saltillo and the City of Mexico are running regularly and every effort is being made to prevent spreading. The weather here and within a radius of 200 miles of Monterey has turned much cooler with frost reported at Saltillo.

Napoleon, at Montereau, sent to Austerlitz marshal his playbook, "Do not trouble me, we have time to leave off all these reminders; life is fruitless which neither knowledge nor experience adorn.

Why these obstacles in the way of success? Its causes means are superior to all the appeals of your industries. Medicine, a consolidation of ancient precautions, the results of which, taken collectively, are the preservation of health. Water, air and cleanliness are my chief medicines."

At the time when Napoleon said this he was largely right. Physicians in those days left out entirely the question of cleanliness that did violence to every fiber in the body. Since that date medical science has made wonderful strides. Take for instance Medical Discovery is a medicine composed of native medicinal roots that go to the source to nature. Its action is gentle and natural. Simply ignorance of natural processes of excretion and secretion. It restores the lost appetite, corrects all disorders of digestion, gives to the system a solution of the food perfect, invigorates the liver, purifies and enriches the blood, builds new and healthy flesh tissue, tones the nerves and gives sweet and refreshing sleep. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all the diseases of the air passages that lead up to consumption. It is a wonderful medicine for all blood, liver or lung troubles. It is unapproached and unapproachable as a remedy for coughs, colds, bronchitis, weak lungs, spitting blood, severe coughs, asthma, and kindred affections that lead up to consumption. Sold by druggists everywhere.

CARELESSNESS

Often Causes No End of Suffering.

Probably half the people who see this article suffer from Piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as Piles has often caused death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swellings and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent. Druggists sell the Pyramid Pile Cure at 50 cents. Send for free book on cause and cure of Piles by addressing Pyramid Co., Marshall, Mich.

Health is Wealth.

ANOTHER BRAIN WORKER

Gives Experience in Coffee Drinking.

"My work (writing for papers and magazines) calls for such steady use of the brain that, like many fellow workers in that line, I became badly exhausted at times, and naturally felt a desire for some sort of stimulant.

"Coffee I have used considerably. Its effects finally became so apparent that I decided I must make a change, for I could not endure the headaches and extreme nervousness that followed. Then came the objections innumerable from the other members of the family. 'What shall we have for breakfast in the place of coffee, for you, of all people, are very particular about your morning drink.'

MRS. MARY E. FORSYTH, Milwaukee, Wis.

"We tried leaving off coffee, but for a morning or two the breakfast was not tempting.

"Then Postum Food Coffee was brought to my notice, and unfortunately, the first morning it was carelessly made by the cook, and was not at all satisfactory. I determined to look personally after its preparation, and after noticing that the directions called for full fifteen minutes' boiling after boiling had fairly commenced, I made it that way, and these were some of the exclamations at the breakfast: 'Why, it's far better than coffee!' 'What an exquisite flavor!' 'Delicious, delightful,' etc.

"The first of the change on my health was magical. The headaches and nervousness were all gone, and in their place a peculiar and grateful exhilaration possessed the entire body. I was not the only member of the family benefitted by the change. One member who had suffered seriously with stomach trouble was relieved entirely in a very short time.

"Perhaps you might be interested to know that there are several of our friends who have been greatly helped by the use of Postum. Mrs. Emma Max used to be greatly troubled with nausea and sick headaches; Miss Addie Slight was cured of stomach trouble; Chas. Everson, formerly suffered greatly with headaches and nervousness; Miss Eliza Smith was a great sufferer from severe bilious attacks. All of these persons have been relieved of their difficulties and put in a fine condition of health by abandoning coffee (which ordinarily was a poison to each of them) and using the Postum Food Coffee.

"I am convinced that your claim that Postum furnishes the particles of phosphate of potash and albumen necessary to rebuild the delicate matter in the nerve centers, is true, for my own experience and that of my family and friends, gives every indication of it."

Senator Calhoun's Opinion.

SPRINGFIELD, Ill., Oct. 27.—United States Senator Shelby M. Cullom, of Illinois, said today in an interview regarding the joint traffic decision:

"I can only say that after the decision of the supreme court to the trans-Missouri case I had no reasonable doubt as to the decision in the case of the Joint Traffic association."

SAND BAGGED.

Huntington Man Claims He Was Robbed.

M. H. Cummins Knocked Down Near the South Depot—Relieved of Over $18 in Money and a Pin.

(Huntington News Democrat.)

M. H. Cummins relates of an assault which was committed upon him in Fort Wayne Tuesday night. He was sand bagged by some unknown person or persons near the Pittsburg depot at about 10 o'clock and relieved of over $18 in money, besides a fine tin pin which he was wearing in his neck tie.

His story is as follows: "I was in Fort Wayne Tuesday and missed the Wabash train to this city, so I walked around taking in the city. I had some business at the Pittsburg depot, after which I came out of the depot and started down the street. I was walking slow and did not notice any one on the street in particular, when I was struck down by a stunning blow on the back of my head which rendered me unconscious. I don't know how long I had been lying on the sidewalk when I regained my senses. I arose and was able to realize what had occurred I felt in my pocket for my money, which was missing. I notified the police and a diligent search was made for the footpad, but no clue could be found."

Mr. Cummins came home Wednesday morning. On the rear of his head is a large lump which substantiates his statement.

CUMMINS DID NOT REPORT.

Superintendent Gerstins told THE SENTINEL this morning that he knew nothing of Cummins or his alleged robbery. The matter was never reported to the police and the superintendent thinks that he was robbed in this city. There could not be any truth in the statement that Cummins lay senseless on Calhoun street as there are two or three policemen who patrol that thoroughfare every half hour during the night.

POLICE COURT.

The police last evening raided houses of ill-fame at No. 57 East Main street, No. 29 Wells street, corner of Clinton and Columbia street, and No. 12 Lafayette street and arrested seven women and two men. They all put up $10.50 and did not appear in police court this morning. There were four train climbers and two drunks in court. All were fined $1 and costs and went to jail.

TICKED TO FLICK-FLAM.

Officer Elliott stopped an attempted flim-flam at the Fleisman shoe store on South Calhoun street last evening. A railroader went into the store and purchased a pair of shoes for $2.50, handing the proprietor a $5 bill. No change was forthcoming and instead the shoe man secured that he had received a $2 bill and demanded fifty cents more. The railroader started out with another pair of footwear just as Officer Elliott appeared. The two men told their stories, the shoe man denying that there was a $5 bill in the house. An investigation by the officer showed there were several fives and the shoe man was compelled to hand over $2.50, which he did without a murmur after the fives were found.

COLUMBUS MAY JOIN.

Ohio's Capital City May be in the Inter-State League.

The following squibs from a Columbus paper indicate what the fans are thinking about down there:

"It is a question whether Columbus would take to Inter-State league ball, should such a turn of affairs be taken, but with a fast team in that circuit and a rival like Toledo, there would be a number of spots open and the youngsters play fast ball, even if their salaries are not up to the Western league figures.

"If Columbus is dropped by the Western league there are several men who stand ready to take hold of an Inter-State team, and as Springfield, Mansfield and New Castle are all rather wobbly when it comes to supporting teams, it would be no trouble to get the capital city in if the Western league gave up this territory."

SMALL POX.

Ohio State Board Considered the Matter at a Meeting in Lima.

The Ohio state board of health held a meeting in Lima yesterday and discussed small pox. The meeting was held in Lima because the disease during 1898 had been most prevalent in the towns surrounding. Dr. Kahle reported that during 1898 there had been 156 cases. He said the season was now advancing, and weather is coming and unless the spread of the disease is checked it may prove very serious. Dr. Probst reported that there were thirty-two suspected cases in Van Wert and Delphos during the year. New cases were reported for the week at St. Marys, Celina, Botkins and other small towns in northwestern Ohio.

A BAD FALL.

Six-Year-Old Child of G. Malinowski Has Both Bones of the Leg Fractured.

The six-year-old son of Mr. and Mrs. G. Malinowski, of the south side, fell from a hammock this morning and sustained a fracture of both bones of one leg. Dr. Allen Harris reduced the fracture.

"BEN HUR" ENTERTAINMENT

Not Given Under the Auspices of a Lodge as Some Suppose—Temple Next Week.

The coming production of "Ben Hur," at the Masonic Temple, November 4 and 5, is not under the auspices of any lodge as some are led to suppose by reason of the existence of an order of "Ben Hur." This entertainment is one that will delight everybody, men, women and children. It is founded on the famous tale of Gen. Lew Wallace, and produced by his consent.
